

March 17, 2016

The Citizens Alliance on Prisons and Public Spending (CAPPSP) congratulates the ***Citizens Research Council (CRC)*** on its Centennial Anniversary.

CRC designed the model for building effective public policy from thorough, nonpartisan research. Its unquestioned integrity draws respect from policymakers and stakeholders across the political spectrum. Whether the subject is tax policy, education funding, the corrections budget or the impact of ballot proposals, CRC's reliable information and insightful analyses are indispensable. And that's how a small nonprofit policy organization survives for 100 years.

Sincerely,  
The Citizens Alliance on Prisons and Public Spending Board of Directors and Staff
