OUTLINE OF THE MICHIGAN TAX SYSTEM

2021 Update

Let the games begin! This update includes entries on three new taxes on gaming and sports wagering. In-person sports betting at the three Detroit casinos launched in March 2020, while new Internet and sports wagering options became legal in January 2021. There were few other tax policy changes. Fees were increased for vehicle registration transfers, and the historic preservation credit against the state income tax – repealed in 2012 – was restored; but major changes to the tax system were largely absent.

Sports Wagering and Online Gaming

Michigan is now one of 22 states with legalized sports betting. The three Detroit casinos began accepting in-person sports wagers on March 11, 2020. Less than a week after the implementation, however, all three casinos were temporarily closed due to the pandemic. Still, over \$593,000 was wagered in just those opening days. With the casinos re-opening on August 5, 2020, at reduced capacity, sports betting resumed, and in-person sports wagers eventually totaled \$130 million in 2020, with \$1.5 million in tax revenue generated for the State and Detroit via the 8.4 percent tax on adjusted wagering receipts.

On January 22, 2021, Michigan's three Detroit casinos and nine tribal casinos launched online sports wagering, which is subject to the same 8.4 percent tax. Total wagering exceeded \$776 million through the end of March 2021, but this includes significant "free play" promotional incentives which are subtracted from gross receipts in calculating the tax. Total tax revenues were about \$1.3 million during this period.

All but one of the casinos that offer Internet sports betting also began offering Internet gaming options such as poker, blackjack, and slots on January 22. A marginal tax rate of 20 percent is imposed on the first \$4 million in gross receipts; that rate gradually increases to 28 percent once adjusted gross receipts reach \$12 million. The scope of Internet gaming will likely further expand when Michigan enters into agreements with other jurisdictions within the United States, including Native American tribes, to facilitate multi-jurisdictional Internet poker. From January 22 through the end of March 2020, Internet gaming in Michigan has generated \$191 million in adjusted receipts and \$46 million through the new tax.

Vehicle Transfer Fees and a New Income Tax Credit

The annual tax on most motor vehicle registrations in Michigan is based on the manufacturer's list price. However, registrations can be legally transferred mid-year by owners who purchase new vehicles for an \$8 transfer fee. However, some Michigan residents have taken

advantage of this provision by regularly registering an unused older vehicle and then transferring the registration to a higher-value vehicle for the nominal \$8 fee. For this reason, in 2019, the Department of State began charging an additional registration tax to account for the higher valued vehicle receiving the registration.

The \$8 transfer fee was increased to \$10 and the policy was changed to address this "loophole" more directly through new 2020 legislation. Registration transfers to new vehicles where there has been a change of ownership are not assessed the full additional tax based on the new vehicle value. Instead, a generic \$5 registration difference fee is added to the \$10 transfer fee. Only when a registration is transferred to a vehicle for which ownership is not changed is the full value-based adjustment under the 2019 policy change continued.

The year also marked the return of the historic preservation tax credit on income taxes for rehabilitation expenditures on an historic building, structure, or space listed on an historic register or located within a qualifying historic district. Public Act 343 of 2020 allows a credit of up to 25 percent of qualified rehabilitation expenditures with a limit of \$2.0 million for a single property. The credit is available to taxpayers who hold a certificate of completed rehabilitation by January 1, 2031. Total statewide credits are limited to \$5.0 million per year.

Other 2020 tax policy changes of note:

- An expansion of eligibility for the small brewer's credit under the beer tax to 60,000 manufactured barrels during the year; up from 50,000 barrels.
- Extensions until December 31, 2025, for the issuance of new commercial rehabilitation and commercial facility exemption certificates.

These and other tax policy changes are incorporated in this 37th edition of the Citizen Research Council of Michigan's *Outline of the Michigan Tax System*. For decades, the *Tax Outline* has been considered a critical ready reference for those interested in Michigan's public finances. It has served policymakers, researchers, and citizens alike as a comprehensive yet accessible reference guide to Michigan's often complicated tax structure. Summary descriptions outline the base, tax rate, and revenue disposition for major taxes assessed in Michigan at both the state and local levels. These are supplemented by historical information on revenues and long-run trends. For quick reference, archived versions of previous updates dating back to 1997 are also available on the Research Council's website at <https://crcmich.org/publications/outline-of-the-michigan-tax-system-archives>.

OUTLINE OF THE MICHIGAN TAX SYSTEM

Introduction

This outline is designed to be a ready reference to the 64 taxes authorized for the state and local government in Michigan. It contains information on each of the 41 state and 23 local taxes effective as of the publication date, including:

- A description of each of the 64 state and local taxes currently levied and historical collections from major taxes (pages 1 to 80).
- A summary of major tax law changes enacted by the state legislature between April 1, 2020 and April 1, 2021 (pages 82 to 83).
- A table of tax collections for fiscal years 2016-2019 (page 86).

Taxes Defined

A tax is an enforced financial charge exacted by a government for the support of its various functions. State and local governments in Michigan levy several types of taxes. This report categorizes Michigan taxes as follows:

- **Income taxes** are levied based on income earnings. The state and local personal income taxes are based on federal adjusted gross income. Non-resident local income taxes are based on earnings from within the taxing cities. In 2011, the state enacted a 6 percent Corporate Income Tax levied only on C corporations. Only the state and city governments are authorized to levy income taxes in Michigan.
- **Business privilege taxes** are levied on firms that do business in Michigan or, in some cases, engage in a specific line of business. With the Single Business Tax, in effect from 1975 to 2007, and the Michigan Business Tax, in effect from 2007 to 2011, Michigan businesses were subject to a value-added tax with the SBT and to a hybrid of two individual taxes; a business income tax and a modified gross receipts tax. The Michigan Business Tax was eliminated effective January 1, 2012 for most business firms and replaced with the Corporate Income Tax. State government is authorized to levy 14 types of business privilege taxes in Michigan. Counties in Michigan are authorized to levy one type of business privilege tax (9-1-1 charge) and the City of Detroit levies a ca-

sino gaming tax on the three Detroit casinos (a complement to the state-level tax levied on the casinos), making it the only municipal government authorized to impose a business privilege tax.

- **Sales-related taxes** are levied in several forms in Michigan. The Sales and Use taxes are levied on the retail sale or use of tangible personal property. Until recently, only the state government was authorized to levy sales and use taxes in Michigan. At the August 2014 election, voters authorized a statewide special authority to levy a “local” use tax. (See boxes on pages 29 and 34). Excise or selective sales taxes are levied, like sales and use taxes, on the purchase of individual products and services. In addition to the excise taxes included under the sales-related taxes, motor fuel taxes are listed separately under transportation taxes because they are, in large measure, user charges. State government is authorized to levy ten types of sales-related taxes in Michigan. Counties are authorized to levy four types of sales-related taxes, and the City of Detroit is also authorized to levy one sales-related tax.
- **Property taxes** are levied based on the value of property. In addition to the taxation of real and personal property that typically falls under the local General Property Tax, local governments are authorized to levy three other ad valorem taxes (unit-wide special assessments, Low Grade Iron Ore Tax, and the County Real Estate Transfer Tax) and the state government is authorized to levy five ad valorem taxes (State Education Tax, Utility Property Tax, State Real Estate Transfer Tax, State Essential Services Assessment Tax, and Motor Vehicle Registration Tax). Motor vehicle registration taxes are not typically associated with property taxes; however, because Michigan taxes personal passenger vehicles based on their value, the Motor Vehicle Registration Fee qualifies as a property tax. Michigan local governments are authorized to levy 12 different types of specific taxes in lieu of ad valorem property taxes, several of which were created as economic development tools to reduce the tax burden on individual taxpayers.

OUTLINE OF THE MICHIGAN TAX SYSTEM

- **Transportation taxes** are sales-related and property taxes levied on items used for transportation purposes. Each of these taxes is earmarked specifically to transportation purposes (i.e., operating and capital expenditures). For ease of use, they are grouped as transportation taxes in this outline as opposed to another type of tax.

When is a charge considered a tax?

This question is significant in Michigan with the limitations placed on taxation in the state Constitution. Specifically, amendments to the state Constitution adopted in 1978 (commonly referred to as the “Headlee Amendment”) directly affect the level of state taxes and means of collecting local taxes. As part of a national taxpayer revolt, the Headlee Amendment was adopted by the voters of Michigan to limit legislative expansion of requirements placed on local government, to control increases in government spending, and to limit taxes both at the local and state level.

State vs. Local Taxes. One ramification of the Headlee Amendment is the differentiation of state and local taxes. Section 26, Article IX, of the 1963 Constitution placed a limit on the growth of total state revenues.

There is hereby established a limit on the total amount of taxes which may be imposed by the legislature in any fiscal year on the taxpayers of this state. The legislature shall not impose taxes of any kind which, together with all other revenues of the state, federal aid excluded, exceed the revenue limit established in this section. . .

In addition to the categorization by tax type, this Outline divides taxes according to which level of government actually levies the tax, recognizing that all taxing authority ultimately comes from the state. If the levy of a tax requires local action, it is considered a local tax. All other taxes are considered state taxes. State taxes are most directly affected by this limitation. Specifically, the question of which taxes are state-levied is significant in calculating the constitutionally-established ratio noted above. While local taxes are not affected by this limitation directly, the drafters of the Headlee Amendment considered the possibility that one means of evading this restriction

would be to pass functions to local government. Section 25 of Article IX provided for such a possibility by providing that:

. . . The state is prohibited from requiring any new or expanded activities by local governments without full state financing, from reducing the proportion of state spending in the form of aid to local governments, or from shifting the tax burden to local government. . .

Some taxes are very clearly state taxes. These taxes are levied on a statewide basis, uniform across all taxpayers, and the revenues from these taxes are deposited into state funds to finance state government activities. For other taxes the distinction is not so clear. Some taxes are state taxes levied for local purposes. The Airport Parking Excise Tax for instance, is levied only on the parking facilities in and around the Detroit Metropolitan Wayne County Airport. The majority of the revenues are used to support primarily local functions, such as general assistance to the City of Romulus and indigent health care in Wayne County. Even though the majority of the revenues are used for seemingly local purposes, this tax is considered a state tax.

Other taxes are state taxes collected by local government. Cities and townships are responsible for collecting property taxes for all units that geographically overlap their boundaries, including counties, local school districts, intermediate school districts, and special authorities. With enactment of the State Education Tax as part of Proposal A of 1994, cities and townships became responsible for collection of that tax as well. Although taxpayers pay this tax to local units of government, it is levied uniformly across the state, revenues are transferred to a state account, and it is dedicated to the state School Aid Fund, making it a state tax.

Taxes vs. Fees. Because of the number and variety of local units of government, it is not practical to place an overall limit on the total revenue of local government in a state. Instead, the Headlee Amendment attempted to limit local tax revenues in two different ways. First, it attempted to control the property tax burden, the primary means of funding local government in Michigan, by limiting net growth in the tax yield on

OUTLINE OF THE MICHIGAN TAX SYSTEM

a unit-wide basis. Second, and more significantly, it required voter approval for the levy of new local taxes or increasing the rate of existing local taxes. Section 31 of Article IX provides:

Units of Local Government are hereby prohibited from levying any tax not authorized by law or charter when this section is ratified or from increasing the rate of an existing tax above that rate authorized by law or charter when this section is ratified, without the approval of a majority of the qualified electors of that unit of Local Government voting thereon. . .

This provision has come under some scrutiny over the question of taxes versus fees. In a 1998 state Supreme Court decision, *Bolt v City of Lansing*, the court laid out three criteria to distinguish a fee from a tax:

1. User fees must serve a regulatory purpose rather than a revenue-raising purpose;
2. User fees must be proportionate to the necessary costs of the service or commodity, and imposed on those benefiting from the right/service/improvement supported by the fee; and

3. User fees are voluntary in nature.

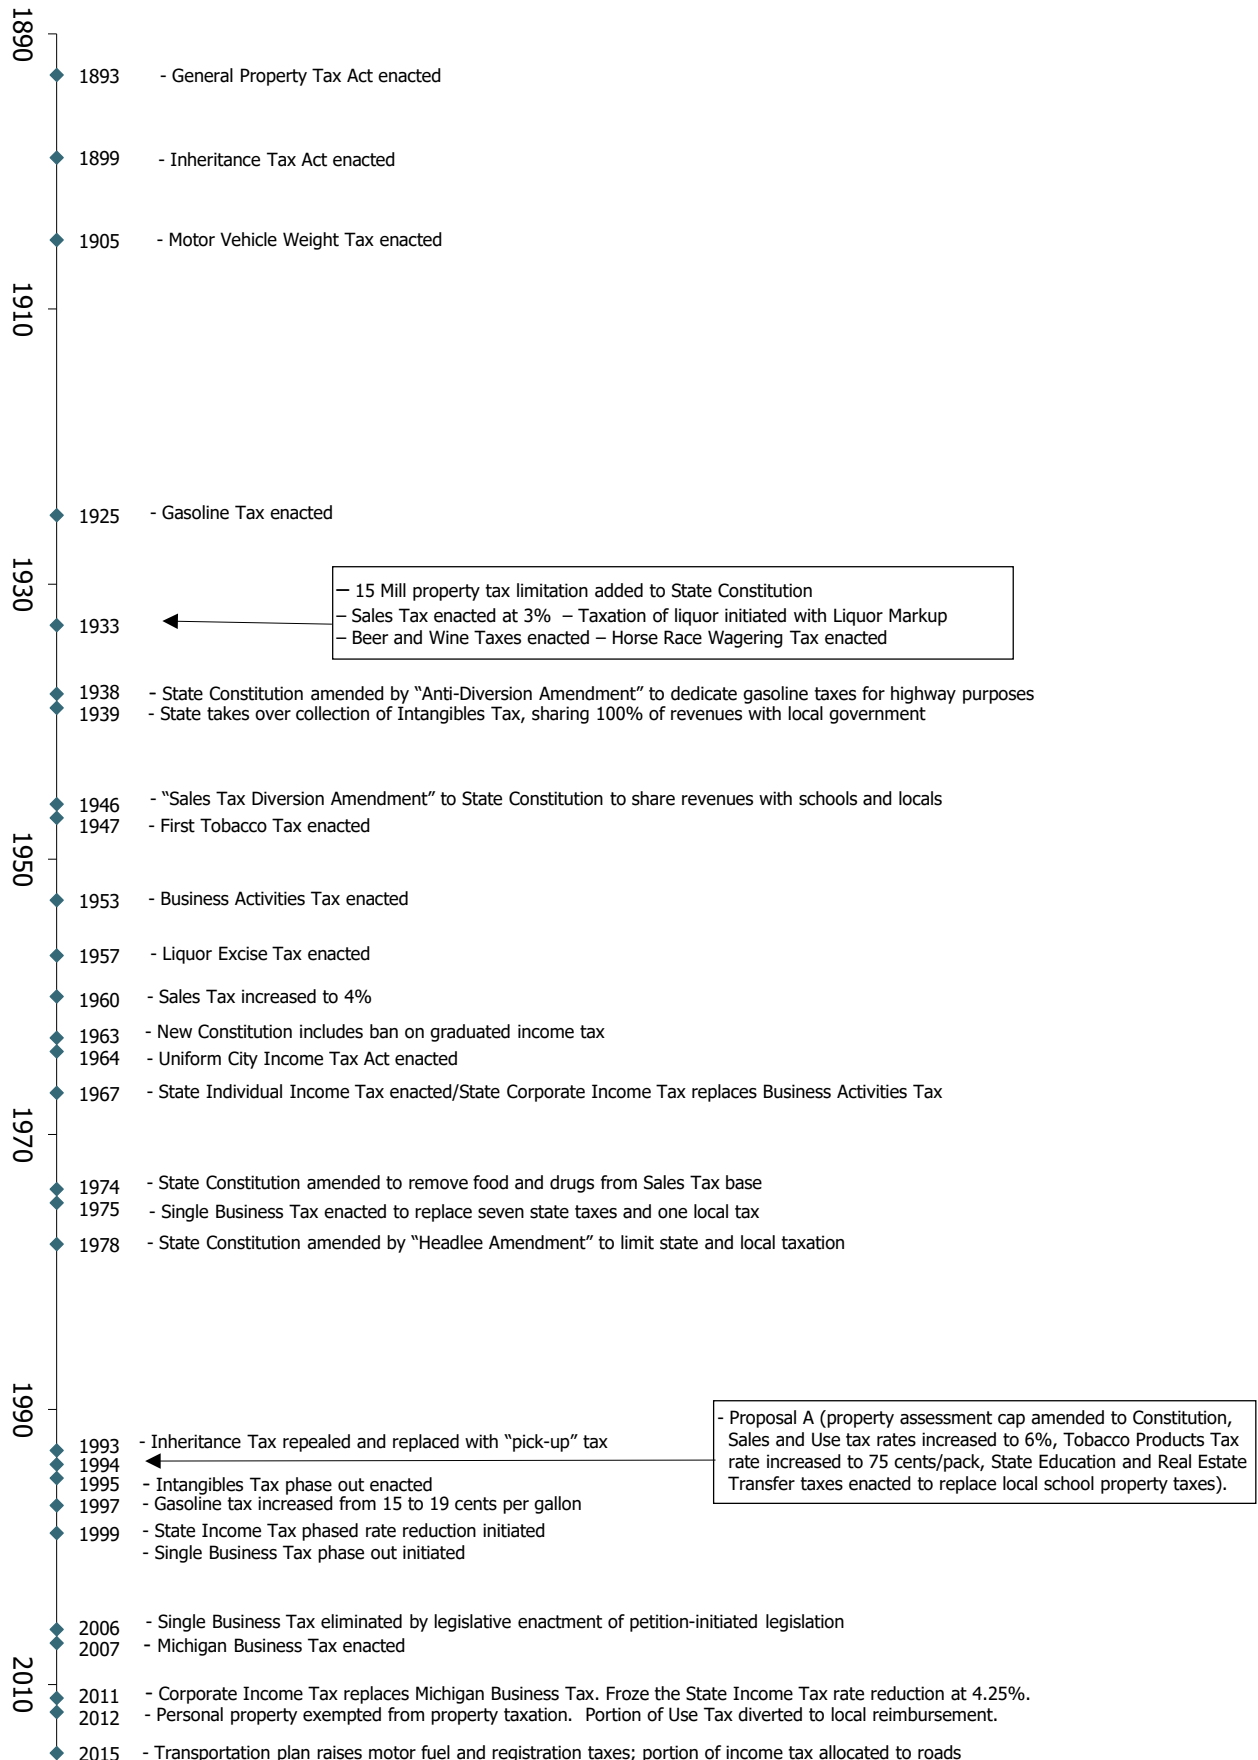

Contrasted with fees are taxes levied by government. By implication, a tax:

1. Is to be levied to raise revenue for the general operation of government;
2. Is to be levied to benefit the general public; and
3. Is compulsory in nature.

A fee may be thought of as a charge that permits an individual or other entity access to a government service or to a privilege granted by government, whereas a tax simply underwrites the provision of governmental services available to anyone, whether the tax has been paid or not. For example, a toll on a bridge or highway permits a specific individual access to the bridge or highway and is, therefore, a fee. On the other hand, a gasoline tax, which also pays for bridges and highways, confers no special privilege and is, therefore, a tax.

PERSONAL INCOME TAX

LEGAL CITATION:	M.C.L. 206.1 et seq. ; 1967 PA 281; Section 7, Article IX, state Constitution .
YEAR ADOPTED:	1967
BASIS OF TAX:	A direct tax on income.
MEASURE OF TAX (BASE):	<p>Federal adjusted gross income of individuals, estates and trusts, with certain adjustments.</p> <p><i>Additions</i> include all or part of (1) interest income from state/local obligations other than Michigan state and local income tax paid, and certain other exclusions from federal adjusted gross income, and (2) refunds received under the Michigan Education Trust Act for a terminated advance tuition payment contract.</p> <p><i>Subtractions</i> include personal and dependency exemptions. The exemption was \$4,750 in 2020 and is \$4,900 in 2021. Beginning in tax year 2022, the exemption is indexed to inflation from the 2012 base exemption of \$3,700 with an additional \$600 then added to the calculated amount. Special exemptions for couples with a certificate of stillbirth for the tax year (\$4,750 in 2020); for deaf, blind, or totally or permanently disabled (\$2,800 in 2020); and disabled veterans (\$400 in 2020). Also excluded are all or part of:</p> <ol style="list-style-type: none">(1) interest income from federal government obligations;(2) armed forces compensation;(3) railroad pension;(4) National Guard pension or retirement benefits;(5) Social Security;(6) retirement benefits (public and private), based on the birth year of the taxpayer, eldest spouse, or deceased spouse:

Taxpayer Born Before 1946*

Public pensions are exempt.

Private Pensions, subtract up to \$53,759 for single and \$107,517 for joint return (for Tax Year 2020, indexed to inflation).

Subtract up to \$11,983 for single and \$23,966 for a joint return (for Tax year 2020, indexed to inflation) of interest, dividends, or to capital gains earned by a senior citizen: maximum deduction allowed is reduced by pension deduction claimed.

Taxpayer Born 1946 to 1952*

Before taxpayer reaches 67:

For public and private pensions, subtract up to \$20,000 for single and \$40,000 for joint return.

After taxpayer reaches 67:

Can take standard deduction from all income up to \$20,000 for single and \$40,000 for joint return.** No specific pension or retirement benefit deduction. Standard deduction is reduced by any military or railroad retirement benefits.

Taxpayer Born After 1952*

Before taxpayer reaches 67:

Public and private pensions are not exempt under most circumstances.

After taxpayer reaches 67:

Taxpayer can choose:
A) Take an exemption against all income up to \$20,000 for single and \$40,000 for joint return. However, Social Security, military pension, and railroad pension income are subject to tax. Also, taxpayer cannot claim personal exemption.

B) Social Security, military pension, and railroad pension are exempt from tax; taxpayer may also claim personal exemption.

*For married couples filing jointly, the age of the oldest spouse determines the age bracket into which the couple falls. Upon the death of the oldest spouse, the widow/widower may continue to file in that age bracket.

**Limits are increased to \$35,000 single/\$55,000 joint for persons receiving benefits from governmental agency not covered by Social Security.

***Limits are \$15,000 single/\$30,000 joint if both spouses earned pension income from a government job not covered by Social Security, except those retired by January 1, 2013, who can claim \$35,000 single/\$55,000 joint.

PERSONAL INCOME TAX (CONTINUED)

- (7) advance tuition payments made under the Michigan Education Trust Act;
- (8) for taxpayer born before 1946, up to \$11,983 (\$23,966 for a joint return) of interest, dividends, or capital gains earned in 2019; maximum deduction is indexed for inflation and is reduced by pension deduction claimed (see table above);
- (9) claims for recovered assets received by Holocaust victims;
- (10) educational savings account and “Achieving a Better Life Experience” (ABLE) savings account contributions not deducted in calculating Adjusted Gross Income up to \$5,000 per education savings account (\$10,000 for a joint return), interest earned on those contributions, and qualified withdrawals from those accounts by the beneficiary listed on the account;
- (11) compensation received pursuant to the Wrongful Imprisonment Compensation Act.

Credits against tax liability as follows:

- (1) Homestead property taxes. Limited to homesteads (excluding unoccupied agricultural properties) with a taxable value of \$135,000 or less and the maximum credit is \$1,500 (beginning in 2022, both the maximum taxable value eligible and the maximum credit size will be indexed to inflation):
 - (a) for taxpayers other than senior citizens – 60% of taxes in excess of 3.2% of total household resources if total household resources are \$51,000 or less; credit reduced by 10% for each \$1,000 increment of total household resources (eliminated when the total household resources are \$60,000).
 - (b) for senior citizens – 100% of taxes in excess of up to 3.2% of total household resources if total household resources are \$21,000 or less; credit phases down by 4 percentage points for each \$1,000 increment of household resources until the credit reaches 60% of taxes in excess of 3.2% of total household resources (\$30,000 total household resources); credit is reduced further for total household resources above \$51,000 (10% for each \$1,000 increment of total household resource) and is eliminated when total household resources are \$60,000;
 - (c) for veterans, surviving spouses and blind individuals – credit based on taxable value allowance of between \$2,500 and \$4,500 depending on taxpayer’s status (e.g. veteran, spouse, blind); allowance divided by homestead’s taxable value to determine percent of tax relief; calculated percentage is multiplied by property taxes assessed to determine credit of up to \$1,200; credit is reduced further for total household resources above \$51,000 (10% for each \$1,000 increment of total household resource) and is eliminated when total household resources are \$60,000;
- (2) Property taxes on rented homesteads. Equal to 23% of gross rent paid (10% in certain subsidized housing projects). Credit reduced by proportion of income from welfare. Credit reduced by 10% at \$51,000 income and by another 10% for each \$1,000 increment above \$51,000.
- (3) Farmland property taxes. Available to farmers who have entered into an agreement not to develop their land for another use for a minimum of 10 years. For individuals, partnerships, S corporations and grantor trusts, credit is 100% of taxes in excess of 3.5% of household income.
- (4) Historic preservation credit. Equal to 25% of qualified expenditures on rehabilitation of qualified historic buildings, structures, and sites. Credit must be approved and total credits limited to \$5.0 million per calendar year; credit capped at \$2.0 million for a single property.
- (5) Earned income. Equal to 6% of the Federal Earned Income Tax Credit (EITC). To qualify for the Federal EITC, taxpayers must meet certain requirements and file a tax return, even if they did not earn enough money to be obligated to file a return.

CORPORATE INCOME TAX

LEGAL CITATION: [M.C.L. 206.601 et seq.](#); 2011 PA 39; [Section 7, Article IX, state Constitution](#).

YEAR ADOPTED: 2011. Originally authorized in 1967.

BASIS OF TAX: The tax is comprised of three distinct taxes:

- A corporate income tax on C corporations (and entities taxed as C corporations for federal income tax purposes). The income tax is a direct tax on business income;
- A premiums tax on insurance companies. The premiums tax is a direct tax on premiums written on property or risk located or residing in Michigan; and
- A franchise tax on financial institutions. The franchise tax is a direct tax on apportioned net capital.

Each tax applies to businesses with activity in the state and gross receipts exceeding \$350,000 sourced to Michigan.

MEASURE OF TAX (BASE): Corporate Income Tax

Business income for federal income tax purposes, subject to certain adjustments both before and after allocation or apportionment to Michigan. Federal taxable income is adjusted to:

- (1) add back certain federal income tax deductions (e.g., interest income and dividends from other states' obligations; income taxes paid; net operating loss carryback/forward; royalty, interest, or other expense paid to a person related to the taxpayer by ownership or control for the use of an intangible asset);
- (2) deduct certain items included in federal taxable income (e.g., dividends and royalties from non-U.S. entities; interest income from U.S. obligations; income and expenses from producing oil and gas);
- (3) deduct any business loss.

Apportionment: For corporations with activity entirely within Michigan, the tax base is allocated entirely to Michigan. For corporations with multi-state activity, the tax base is allocated in proportion to sales in Michigan.

Credit: The alternative small business tax credit is available to corporations other than financial institutions and insurance companies with gross receipts that do not exceed \$20 million and with adjusted business income, minus losses, that does not exceed \$1.392 million for tax year 2018 (adjusted annually for inflation). Eligible corporations pay an alternative 1.8% tax rate on adjusted business income.

Premiums Tax

Gross direct premiums written on property or risk located or residing in Michigan, excluding:

- (1) premiums on policies not taken;
- (2) returned premiums on canceled policies;
- (3) receipts from the sale of annuities;
- (4) receipts on reinsurance premiums if the tax was paid on the original premium; and
- (5) the first \$190 million of disability insurance premium, other than credit insurance and disability income insurance premiums;
- (6) Health maintenance organizations (HMOs).

CORPORATE INCOME TAX (CONTINUED)

Franchise Tax

The financial institution's total equity capital allocation or apportionment to Michigan. Total equity capital is averaged over a five-year period and excludes goodwill and the average daily value of obligations of the United States and Michigan. After December 31, 2020 total equity capital will be based on the close of tax year rather than an average of the five previous years.

RATE:

Corporate Income Tax: 6%

Premiums Tax: 1.25% for all policies that are not a qualified health insurance policy. The rate for qualified health insurance policies will be adjusted to achieve an average annual savings of \$18 million for these taxpayers from their tax liability using the 1.25% rate.

Franchise Tax: 0.29%

ADMINISTRATION:

REPORT AND PAYMENT:

Due April 30. Estimated quarterly returns and payments due by the 15th day of April, July, October, and January if estimated liability for year is over \$800; due dates adjusted for taxpayers with fiscal year other than calendar year. A taxpayer, other than an insurance company or financial institution, with annualized apportioned gross receipts of less than \$350,000 need not file a return.

*1988 through 2007 excludes Single Business Tax collections paid by insurance companies.

- A 1953 PA 150 — **Business Activity Tax** established a rate of 2 mills on gross receipts less certain taxes, purchases, interest, rent, and reasonable depreciation on real property.
- B 1967 PA 281 — **Corporate Income Tax** established at 7.8% replacing the Business Activity Tax.
- C 1975 PA 228 — **Single Business Tax** established at 2.35% replacing eight previous taxes including a corporate and financial institutions income tax, an annual corporation franchise fee, the business portion of the intangibles tax, the property tax on inventories, and various privilege taxes on savings and loans and domestic insurance companies.
- D 1991 PA 77 — Apportionment of SBT tax base changed for tax years 1991 and 1992, so that sales account for 40%, and property and payroll account for 30% each; and for tax years after 1992, sales account for 50% and property and payroll account for 25% each; modified capital acquisition deduction (CAD) to permit deduction of all capital expenditures, including depreciable personal property, regardless of location, apportioned like tax base; increased gross receipts filing exemption to \$60,000 for tax year 1991 and \$100,000 for subsequent years.
- E 1992 PA 98 — Reduced, effective with tax year 1992, the small business alternative tax to 3%.
- F 1994 PA 245 — Reduced the rate of the small business alternative tax from 3% to 2% of adjusted business income.
PA 246 — Increased the gross receipts filing threshold to \$250,000 for tax years beginning after December 31, 1994.
PA 247 — Reduced SBT tax rate to 2.3% effective October 1, 1994.
- G 1995 282 & 283 — Apportionment of tax base changed for tax years 1997 and 1998, so that sales account for 80%, and property and payroll account for 10% each; for tax years after 1999, sales account for 90%, and property and payroll account for 5% each; CAD limited to Michigan investments multiplied by apportionment factor.
- H 1999 PA 115 — Beginning January 1, 1999, the SBT rate is reduced by 0.1% per year until the tax is eliminated. The Insurance Tax rate is reduced proportionately to the SBT rate. The CAD was replaced with an investment tax credit for tax years beginning after December 31, 1999.
- I 2006 — Legislative enactment of voter-initiated legislation to repeal SBT effective for tax years beginning after December 31, 2007.
- J 2007 PA 36 — **Michigan Business Tax Act**, consisting of an income tax (4.95% rate) and a modified gross receipts tax (0.8% rate), enacted to replace SBT as the primary business privilege tax in the state effective January 1, 2008. The MBT also replaced some personal property taxes.
- K 2011 PA 39 — **Corporate Income Tax**, consisting of an income tax (6.0% rate), premiums tax (1.25% rate), and franchise tax (0.29% rate), enacted to replace MBT as the primary business privilege tax in the state effective January 1, 2012.

UNIFORM CITY INCOME TAX

LEGAL CITATION:	M.C.L. 141.501 et seq., 1964 PA 284; Section 7, Article IX, state Constitution.
YEAR ADOPTED:	Uniform state law adopted in 1964. Individual cities adopted by ordinance in various years, subject to voter approval.
BASIS OF TAX:	A direct tax on income (residents); a direct tax on earnings related to work or business activities conducted in the city (nonresidents); a direct tax on federal taxable income (corporations).
MEASURE OF TAX (BASE):	(1) Compensation, net profits, investments and other income of city residents; (2) Income earned in the city by nonresidents; (3) Corporate income earned in the city (allocation based on property, sales, payroll). Personal exemption allowed by the Michigan Income Tax Act, except that by ordinance a city may adopt an exemption of not less than \$600. A resident is allowed credit for income taxes paid to another city as a nonresident. A resident may deduct certain income earned, capital gains, and lottery winnings received while a resident of a renaissance zone and a business may deduct income attributable to business activity in a renaissance zone.
RATE:	<p>Generally, 1% on residents and corporations; 0.5% on income of nonresidents earned in imposing city. The nonresident rate cannot exceed one-half of the resident rate.</p> <p>The city council in cities over 600,000 (Detroit) may impose rates of up to 2.4% on residents, 2.0% on corporations, 1.2% on nonresidents. Maximum rates may be further reduced until the rates reach 2.2% and 1.1% respectively (see box). (The rate appearing on income tax forms each calendar year is the average rate from before and after July 1 of that year.)</p>

Detroit Income Tax Rate Revisions

[Public Act 394 of 2012](#) amended the City Income Tax Act to freeze a scheduled rollback of income tax rates for resident and nonresident taxpayers in the City of Detroit. The act established a new maximum rate of 2.4% for residents and 1.2% for nonresidents effective in the 2013 tax year. The act was part of a legislative package that authorized the creation of a public lighting authority within the city to service and operate the municipally owned lighting system. The act provided that if such an authority is created (which the Detroit City Council voted to approve in 2013), the revenue collected from 0.2% of the rate levied on residents and 0.1% of the rate levied on nonresidents is dedicated to the city's police department budget.

Beginning in the tax year immediately following the year in which all bonds and indebtedness issued by the new lighting authority have been fully paid, the maximum rates will be reduced to 2.2% for residents and 1.1% for nonresidents.

A city that levied an income tax and where more than 22 mills had been levied for city purposes and at least 65 mills for all purposes during the prior calendar year (Highland Park) is allowed to impose rates of up to 2% on residents and corporations and 1% on nonresidents if approved by voters before November 15, 1988.

Cities that levied an income tax before March 30, 1989, and with (a) populations between 140,000 and 600,000 (Grand Rapids); or (b) populations between 65,000 and 100,000 in a county with a population below 300,000 (Saginaw) may increase the tax rate to not more than 1.5 percent on residents and corporations and 0.75 percent on nonresidents if approved by voters.

ADMINISTRATION:	Administrator designated by the city. Collected by city treasurer.
REPORT AND PAYMENT:	Due April 30 (when tax year ends December 31) (May 17 in 2021). Quarterly estimates and payments due April 30, June 30, September 30, and January 31. Withholding required.

UNEMPLOYMENT INSURANCE TAX

LEGAL CITATION:	M.C.L. 421.1 et seq. ; 1936 PA 1 (Extra Session).												
YEAR ADOPTED:	1936												
BASIS OF TAX:	To provide for an Unemployment Insurance Fund.												
MEASURE OF TAX (BASE):	Wages paid per covered employee up to a limit of \$9,500 or wages equal to the federal unemployment tax base if higher; limit lowered to \$9,000 for nondelinquent employers if Unemployment Compensation Fund balance reaches \$2.5 billion.												
RATE:	<p>Basic rate is 2.7% on new employers for their first two years of liability, except for construction contractors who pay the average construction contractor rate. Rate for fully experienced employers (after 4 years of experience) may vary from 0.06% to 10.3%, depending on the employer's experience rating and solvency of the fund. Total tax rate calculation is based on the following components:</p> <p><i>Nonchargeable Benefit Component</i> (NBC): a rate of 0.06-1% to cover certain benefit costs not directly charged to an employer account (e.g., employer is out of business). These costs are pooled across all employers. The 1% standard rate is charged to employers with recent claims filed against their accounts. If an employer's CBC rate (see below) is less than 0.2%, that employer's NBC rate falls to 0.5%. If the employer has not had any benefit charges over a number of consecutive years, the NBC rate can be further reduced in accordance with the following schedule:</p> <table><tr><td>If Number of Consecutive Years without Claims is:</td><td>Rate Is:</td></tr><tr><td>5</td><td>0.10%</td></tr><tr><td>6</td><td>0.09%</td></tr><tr><td>7</td><td>0.08%</td></tr><tr><td>8</td><td>0.07%</td></tr><tr><td>9</td><td>0.06%</td></tr></table> <p><i>Experience Account</i>, which has two parts:</p> <ol style="list-style-type: none"><i>Chargeable Benefit Component</i> (CBC), a rate of 0-6.3% measured by the "benefit ratio" (benefits charged to employer's account in the last 3 years as a percent of employer's taxable wages in those years).<i>Account Building Component</i> (ABC), a rate of 0-3% based on a "reserve ratio" deficiency (amount by which an employer's actual reserve falls below 3.75% of total annual payroll). If overall trust fund balance is at least 1.875% of all contributing employers' payrolls, employer's deficiency, as defined above, is multiplied by 0.25, not to exceed a 2% rate. Otherwise, employer's deficiency is multiplied by 0.5, not to exceed a 3% rate. <p>If overall trust fund balance is 1.2% of all contributing employers' payrolls, all fully experience-rated employers (after 2 years of experience) receive a rate reduction of the greater of 10% or 0.1 percentage points in the rate determined by components (a) and (b) above.</p> <p><i>Solvency Tax</i>, a rate of 0-2% based on a "reserve ratio" deficiency, imposed only on "negative balance" employers (those with deficit in their experience account as of the prior June 30) who have been contributing employers for five or more years; solvency tax imposed only during years when the fund has interest-bearing loans outstanding; tax is not currently imposed.</p>	If Number of Consecutive Years without Claims is:	Rate Is:	5	0.10%	6	0.09%	7	0.08%	8	0.07%	9	0.06%

YEAR ADOPTED:	2002
BASIS OF TAX:	Privilege of participating in the Medicaid program.
MEASURE OF TAX (BASE):	<p>The tax base varies by type of provider. For hospitals, the number of licensed beds is assessed a uniform charge per bed. For nursing and hospital long-term care units, the assessment is based on the total number of patient days of care each nursing and long-term care unit provided to non-Medicare patients during the preceding year.</p> <p>Assessments are charged on hospitals and on nursing and long-term care facilities. The resulting revenue collections, combined with federal matching revenues, are used to increase the rates paid to these providers of services to patients participating in the Medicaid program.</p>
RATE:	<p>The rates for the providers are as follows:</p> <ul style="list-style-type: none">• <i>For hospitals</i>, a fixed or variable rate that generates funds not more than the maximum allowable under federal matching requirements.• <i>For nursing and hospital long-term care units</i>, an amount resulting in not more than 6% of total industry revenues.
ADMINISTRATION:	Michigan Department of Health and Human Services .
REPORT AND PAYMENT:	The Department of Health and Human Services sends each provider a statement of the amounts owed for the particular assessment.
DISPOSITION:	The assessment revenues finance part of the Medicaid program and are restricted for that purpose. This revenue is used to capture additional federal funding for the Medicaid program and offset the amount of General Fund resources allocated to the program.

INSURANCE PROVIDER ASSESSMENT TAX (CONTINUED)

The Road to the Insurance Provider Assessment Tax

Enacted in 2018, the new Insurance Provider Assessment Tax marked the end of nearly a decade of attempts to craft a dedicated funding source to provide the match for federal funds for the Medicaid program that meets federal guidelines and is acceptable to businesses and health care providers.

Beginning in 2003, Michigan first established a Quality Assurance Assessment Program (QAAP) tax on Medicaid Managed Care Organizations (MCOs) responsible for delivering health services to Medicaid enrollees. This tax complemented similar QAAP taxes on hospitals and long-term care services. Revenue from these provider taxes is used to match federal revenue and facilitate increased reimbursement for the taxed providers groups. However, a portion of the tax proceeds are held back by the state to reduce state-funded Medicaid costs. As such, QAAP taxes are largely a win-win for both health care providers and the state.

Federal regulations generally require these health provider taxes to be broad-based and uniformly imposed across all service providers within a specified category, including any providers that receive little or no Medicaid business. But a loophole in the relevant federal law allowed states to selectively impose the tax on Medicaid MCOs without impacting other non-Medicaid health plans.

That loophole, however, was closed in 2005. States like Michigan with taxes imposed specifically on Medicaid MCOs were given until 2009 to make changes to their tax structures so the tax was broadly based and uniformly imposed across all managed care organizations, including private health plans covering non-Medicaid enrollees that would not see any reimbursement benefit from the tax.

In response to the new federal guidance, the state took an alternative path to achieve the same outcome. The Use Tax Act ([PA 440 of 2008](#)) was amended to apply the 6% use tax to medical services provided by Medicaid MCOs – the very same organizations that were previously subject to the QAAP. The use tax changes took effective April 1, 2009. PA 440 also repealed the relevant sections of the Social Welfare Act that authorized the QAAP, effectively terminating the assessment of those fees on April 1, 2009.

However, with the federal government signaling its objections to this workaround, an alternative tax mechanism was explored. [PA 141 of 2011](#) amended the Use Tax Act to remove MCOs from the tax base effective March 31, 2012. To replace the lost revenue (approximately \$400 million annually), [PA 142 of 2011](#) imposed a 1% Health Insurance Claims Assessment (HICA) Fee on all health insurance claims (including non-Medicaid claims) effective January 1, 2012.

It was hoped that the HICA would become a permanent source of replacement funding, but an immediate problem arose: revenue projections for the new HICA fee proved overly optimistic, with the new tax failing to fully replace the lost use tax revenue. As a stopgap, [PA 161 of 2014](#) effectively restored the use tax on Medicaid MCOs effective April 1, 2014 with the temporary blessing of the federal government. The HICA rate was reduced to 0.75% via tie-barred legislation ([PA 162 of 2014](#)). Following restoration of the use tax on Medicaid MCO's, the federal government officially informed the state that the policy of levying the use tax on Medicaid MCOs would need to be ended by January 1, 2017 for Michigan to remain in federal compliance and receive Medicaid match funding. [PA 390 of 2016](#) amended the Use Tax Act to end collection of the tax on services provided by Medicaid MCOs on January 1, 2017.

With HICA scheduled to sunset in 2020, [PA 175 of 2018](#) established a new Insurance Provider Assessment tax to maintain these state Medicaid match revenues. This placed a nominal charge on insurance companies based on the number of insured member-months, while terminating HICA ahead of its sunset date. The plan required a waiver from certain federal provisions by the Centers for Medicare and Medicaid Services. On December 10, 2018, the federal government granted that waiver, and the Insurance Provider Assessment tax became effective as of October 1, 2018.

Exemptions based on the use of the property or service:

- tangible personal property purchased by a person engaged in constructing, altering, repairing, or improving real estate if it is to be affixed or made a structural part of a sanctuary;
- specially-ordered commercial vessels of at least 500 tons engaged in interstate commerce and fuel, provisions, and supplies therefore;
- property used in production of horticultural or agricultural products as a business enterprise;
- property used or consumed in industrial processing as defined in statute;
- certain property used to provide any combination of telecommunications services which are subject to the Use Tax;
- certain products, equipment, machinery, and utilities used or consumed by an industrial laundry;
- grain drying equipment and natural or propane gas used to fuel the equipment for agricultural purposes;
- tangible personal property purchased and installed as a component part of a facility with a pollution control tax certificate or a water pollution control tax exemption certificate;
- computer equipment for data transfer by companies whose business includes publishing doctoral dissertations and information archiving and sells the majority of its products to non-profit organizations exempt from the federal income tax;
- charges attributed to recycling motor vehicle or recreational vehicle parts or batteries;
- tangible personal property used in activities that qualify under a transformational brown-field plan that is turned into a structural part of the property or infrastructural improvement under the plan;
- school buses or other transportation services paid for by a school for use in transporting students to or from a school or a school related event.

RATE:

6% (state constitutional limitation).

The Sales Tax can be considered two taxes, a 4% tax and a 2% tax. The 4% tax is established by law within the confines of a 4% limitation placed in the state Constitution. The voters approved an amendment to the constitution which authorized the remaining 2% tax rate in 1994. Because the state Constitution states that this additional tax shall be imposed, the 2% tax is the minimum rate that must be levied by the legislature.

Sales for residential use of electricity, natural or artificial gas, or home heating fuels are exempted from the additional 2% rate added in 1994 and are therefore subject only to the 4% rate.

REPORT AND PAYMENT:

For most taxpayers: payment is due by 20th day of month following sale, with discount for early remittance.

Very large taxpayers (those with sales tax liability, or use tax liability, or both, of \$720,000 or more during the prior calendar year) make a monthly payment due by the 20th of the month that is equal to the lesser of (a) 75% of the tax liability for the same month in the prior calendar year or (b) 75% of liability for the previous month. In either case, a reconciliation payment is also required equal to any shortfall in the prior month's payment based on final sales.

SALES TAX (CONTINUED)

DISPOSITION:

The disposition of sales tax revenue is tied to the distinct 4% tax and 2% tax discussed in the previous section. Since the tax base to which the 2% rate is applied is somewhat smaller than the base for the 4% rate (which includes residential utility sales), the noted percentages vary by a small amount from year to year. Revenues are distributed as outlined below

School Aid Fund: 60% of gross revenue generated from the 4% tax rate and 100% of the revenue generated from the additional 2% tax rate. For FY2019, this equated to 72.8% of total sales tax revenue.

Local Governments: 15% of gross revenue generated from the 4% tax is constitutionally dedicated for revenue sharing to cities, villages, and townships; an additional allocation from the sales tax is appropriated by the legislature for statutory revenue sharing to local units of government. For FY2019, the total earmark equated to 10.3% of total revenue.

Comprehensive Transportation Fund: 6.975% of sales tax revenue generated from the 4% tax from the sales of motor fuel, motor vehicles, and motor vehicle parts and accessories is statutorily earmarked to the state's Comprehensive Transportation Fund to support public transportation programs. For FY2019, this equated to 1.2% of total revenue.

Aeronautics Programs: An amount equal to the sales tax revenue generated from the 2% tax from the sale at retail of aviation fuel shall be deposited into funds for aeronautics programs: 65% into the Qualified Airport Fund and 35% into the State Aeronautics Fund. For FY2019, this equated to 0.1% of total revenue.

Health Initiative Fund: An amount equal to the sales tax revenue generated from the 4% tax from the sale at retail of computer software is statutorily earmarked to the Health Initiative Fund, which supports policy planning and public information regarding AIDS and Hepatitis C. For FY2019, this equated to 0.1% of total revenue.

Remaining revenue, about 15.5% of total revenue in FY2019, to the state's general fund.

Are Local Sales Taxes Constitutionally Permitted in Michigan?

Local units in many states levy sales taxes that are piggy-backed on a uniform state sales tax rate. Such situations create unevenness among local jurisdictions and competitive disadvantages for businesses in the higher tax jurisdictions. They also yield a significant revenue source that relieves pressure on the property tax and shifts some of the costs for local services outside the boundaries of the governmental unit.

Michigan's Constitution fails to deal explicitly with the question of whether local units could be permitted to levy a sales tax. Instead, the 1963 Constitution set a maximum rate of 4% that the legislature could levy and later, as a result of Proposal A, an additional 2% rate was mandated for local public schools.

Confronted with this question in 1970, the Attorney General ruled that local sales taxes are not permitted under Michigan's Constitution. In 1991, the legislature approved a bill permitting certain municipalities to impose an excise tax at a rate not to exceed 1% of the gross receipts of restaurants and hotels and 2% of automobile rental company gross receipts. These excise taxes reflect most of the elements of a sales tax and the tax on restaurants appears to fully meet all criteria defining a sales tax, notwithstanding the "excise tax" disguise.

Readers interested in more information on this subject are encouraged to review Report #305, *Issues Relative to the Constitutionality of Local Sales Taxation in Michigan*, June 1992, available at www.crcmich.org.

RATE: 6% minus the local community stabilization share rate as determined annually by the Department of Treasury (see related box).

The state Constitution limits the use tax rate to 6%. The Use Tax can be considered two different taxes. A 4% tax was established by law to parallel the Sales Tax rate. The voters approved the remaining 2% tax rate in 1994. Because the state Constitution states that this additional tax shall be imposed, the 2% tax is the minimum rate that must be levied by the legislature.

These limitations apply to the combined State Share Tax rate and Local Community Stabilization Share Tax.

ADMINISTRATION: [Michigan Department of Treasury](#).

REPORT AND PAYMENT: For most taxpayers: payment is due by 20th day of month following sale, with discount for early remittance.

Very large taxpayers (those with sales tax liability, or use tax liability, or both, of \$720,000 or more during the prior calendar year) make a monthly payment due by the 20th of the month that is equal to the lesser of (a) 75% of the tax liability for the same month in the prior calendar year or (b) 75% of actual liability for the previous month. In either case, a reconciliation payment equal to any shortfall in the prior month's payment based on final sales.

DISPOSITION: Revenue generated from the additional rate of 2% approved by Michigan voters in March 1994 is deposited in the School Aid Fund.

From the revenue generated by the original 4% rate, revenue is deposited in the School Aid Fund in an amount equal to the revenue loss from the State Education Tax and certain school operating millages attributable to property tax exemptions enacted in 2014 for certain commercial and industrial personal property.

An amount equal to the use tax revenue generated from the 2% tax from the use of aviation fuel shall be deposited into funds for aeronautics programs: 65% into the Qualified Airport Fund and 35% into the State Aeronautics Fund.

Remaining revenue goes to the General Fund.

The Use Tax and Local Community Stabilization Share Revenue Distribution

In August 2014, Michigan voters approved a significant change to the disposition of Michigan's use tax revenue. The change is related to legislative packages enacted in 2012 and 2014 that will phase out the personal property tax on eligible industrial and commercial personal property. The phase out by itself would lead to significant reductions in local property tax revenues. In order to reimburse local governments for most of those lost revenues, the legislation sets aside a portion of use tax revenues for payments to eligible local units. [Public Act 80 of 2014](#) divides the use tax into two distinct taxes: a local community stabilization share tax to be levied by a newly created Local Community Stabilization Authority, ostensibly a local unit of government governed by a council composed of five members appointed by the Governor; and a state share tax which will continue to be levied by the state.

The rate of the local community stabilization share will be calculated annually by the Michigan Department of Treasury to equal the rate necessary to generate specific revenue targets contained in the legislation. This component of the use tax was \$466 million in FY2020 and will gradually rise until it reaches \$572.6 million in FY2028. After FY2028, the revenue target will be adjusted by an annual 1% growth factor. The state share rate will then be the current 6% use tax rate minus the calculated local community stabilization share rate. All of the funds attributed to the local community stabilization share comes out of revenues generated from the original 4% use tax rate that was previously earmarked to the General Fund. The General Fund receives the remaining revenue from the tax at the 4% rate. The tax's allocation to the School Aid Fund from the additional 2% rate approved in 1994 is unaffected.

OUTLINE OF THE MICHIGAN TAX SYSTEM

GENERAL PROPERTY TAX

LEGAL CITATION: [M.C.L. 211.1 et seq.](#); 1893 PA 206; Sections [3](#) and [6](#), Article IX, state Constitution.

YEAR ADOPTED: 1893. Territorial Act.

BASIS OF TAX: Ownership of real and personal property not otherwise exempted.

Real versus Personal Property

The distinction between real and personal property is relatively straightforward. Real property is basically land and buildings. Personal property is generally movable. Personal property includes a broad array of assets, including most equipment, furniture, and fixtures used by businesses. In addition, electric transmission and distribution equipment, gas transmission and distribution equipment, and oil pipelines are all considered personal property.

Establishing the assessed value of real versus personal property involves different methodologies, although all taxable property is required to be assessed at 50% of true cash value, the state equalized valuation. Real property assessments are developed by comparing similar properties and principally use sales and cost data to establish assessment changes. Personal property assessments use acquisition costs adjusted by depreciation multipliers to reflect declining values as an asset ages.

Property taxes are determined by multiplying the tax rate by the taxable value of a parcel of property. The taxable value of a parcel may differ from the state equalized value as a result of limits on increases placed in the Michigan Constitution by Proposal A of 1994. Taxable value may not rise by more than the lesser of the increase in the consumer price index or 5%. The methodology used to assess personal property virtually assures that a parcel's assessed and taxable values will be the same. In contrast, the statewide taxable value of real property [was only 76%](#) of total assessed value in 2020.

MEASURE OF TAX (BASE): Taxable value, which cannot increase in any one year by more than the lesser of 5% or inflation, excluding additions and losses. [When transferred](#), property is reassessed in accordance with state equalized valuation, which equals 50% of true cash value. The taxable value for agricultural property being transferred between owners will remain capped if the new owner keeps the property in agricultural use for at least seven years from the date of transfer. If the property ceases to be agricultural property within the seven-year period, the property's taxable value will be adjusted to reflect the property's state equalized valuation. The taxable value for qualified forest property being transferred between owners will remain capped if the new owner keeps the property as qualified forest property for at least 10 years from the date of transfer. If the property ceases to be qualified forest property within the 10-year period, the property's taxable value will be adjusted to reflect the property's state equalized valuation.

Numerous exemptions exist, notably:

- (1) certain property owned by nonprofit religious, charitable, or educational organizations;
- (2) government property;
- (3) property subject to specific state taxes (e.g., railroad and telephone property, intangibles, motor vehicles);
- (4) property subject to specific local taxes in lieu of property taxation, such as commercial forest land; mobile homes; low grade iron ore; certified industrial, commercial, technological, commercial housing facilities, obsolete property rehabilitation; certain nonferrous minerals and mineral-producing property; and eligible hydroponics and aquaculture production facilities.
- (5) certain household property, personal business property and mechanic's tools;
- (6) personal property used in agricultural operations;
- (7) inventory property;
- (8) special manufacturing tools (dies, jigs, fixtures, molds, etc.);

Phase-Out of the Personal Property Tax on Certain Manufacturing Property

In 2012, the legislature passed an eleven bill package¹ that phased out the personal property tax (PPT) on industrial property and certain commercial property. The phase-out began in 2014, and will continue until 2023, when all eligible property will be tax-exempt. Specifically, these bills:

- Effective in tax year 2014, exempted all commercial and industrial personal property (regardless of use) from the PPT if the combined true cash value of the property owned or controlled by a taxpayer in a given local tax collecting unit is less than \$80,000
- Beginning in tax year 2016, exempted all new industrial personal property and any new commercial personal property used primarily for or in direct support of industrial processing that was purchased and placed into service during or after 2013
- Beginning in tax year 2016 and continuing thereafter, exempt any industrial personal property and any new commercial personal property used primarily for or in direct support of industrial processing that has effectively been placed in service for the immediately preceding 10 years

The table below illustrates how the phased in exemption will work. Again, property became exempt immediately in 2014 if an individual controlled property with a total true cash value below \$80,000. Remaining personal property tied to industrial processing became/will become exempt over time based on the year it was first placed into service. In tax year 2016, new personal property tied to industrial processing and placed into service after December 31, 2012, all became exempt. Further, any eligible personal property placed into service before 2006 also became exempt from the PPT. In 2019, the exemption expanded to cover eligible personal property placed into service during 2008. Likewise, in tax year 2020, property placed into service during 2009 will become exempt. This gradual phase-in will continue until all eligible property becomes exempt in tax year 2023.

- (9) solar, water or wind energy conversion devices (pre-1984);
- (10) property in transit located in a public warehouse, dock or port facility;
- (11) property located in a renaissance zone, except for the portion of tax attributable to special assessments, taxes levied for the payment of general obligation bonds, intermediate school district-wide enhancement mills and local school district sinking fund millages;
- (12) federally qualified health centers;
- (13) biomass gasification systems, thermal depolymerization systems, and methane digesters;
- (14) personal property designated as industrial and commercial property for school operating millages;
- (15) new personal property in one or more “distressed parcel”, subject to local approval;
- (16) supportive housing property for school operating millages;
- (17) property occupied by a public school academy (charter school) and used exclusively for educational purposes for school operating millages;
- (18) commercial and industrial personal property owned by a taxpayer with a true cash value of less than \$80,000 in a particular tax collecting unit;
- (19) The tax is currently being phased out for certain personal property used primarily for, or in direct support of, industrial processing. The phase out began in 2016 and will continue until all such property is exempt in 2023 (see box on page 51);
- (20) Real and personal property owned by a nonprofit street railway;
- (21) Real and personal property with a pollution control tax exemption certificate or a water pollution control tax exemption certificate;
- (22) Certain data center property in Renaissance zones.

Credits for property taxes paid: see Personal Income Tax.

RATE:

Varies by local unit, but certain statewide constitutional and statutory restrictions exist. The rate may not exceed 15 mills (\$15 per \$1,000) or 18 mills in counties with separate, voter-fixed allocations for all jurisdictions without voter approval. (These limitations were reduced by the number of mills allocated to local school districts in 1993, after which local school districts may not receive allocated millage.)

The foregoing limitations may be increased up to 50 mills with voter approval. Excluded from these limitations are:

- (1) Debt service taxes for all full faith and credit obligations of local units;
- (2) Taxes imposed by units having separate tax limitations provided by charter or general law (cities, villages, charter townships, and charter counties);
- (3) Taxes imposed by certain districts or authorities having separate limits (e.g., charter water authorities, port districts, metropolitan districts, and downtown development authorities);
- (4) Certain taxes imposed by municipalities for special purposes (garbage services, library services, services to the aged, and police and fire pension funding).

The state constitutional tax limitation amendment of 1978 (Headlee) and state law require a taxing jurisdiction to roll back maximum authorized rates if the taxable value, excluding new construction, increases faster than the rate of inflation (which the governing body can overcome by vote). Local school district operating taxes are limited to the lesser of 18 mills or the 1993 millage rate. Principal residence, industrial personal property, and qualified agricultural

property are entirely exempt from school millages. Commercial personal property is partially exempt (12 of the 18 mills). However, school districts with a 1994-95 per pupil foundation allowance of over \$6,500 may reduce the exemption on principal residence and qualified agricultural property by the number of mills necessary to raise that portion of their per pupil foundation allowance that exceeds \$6,500 and, if necessary, also may levy additional mills on all property to generate that additional per pupil dollar amount. In addition, voters in intermediate school districts may approve up to 3 additional mills for operating purposes. In calendar year 2020, the state average millage rate, including the 6-mill State Education Tax, was 42.4 mills.

ADMINISTRATION: Property assessed by city and township assessors; values equalized by county and state among six classifications of real property (residential, commercial, industrial, developmental, agricultural, and timber cutover) plus personal property. Collection by township, city, and county treasurers. Delinquent taxes on real property collected by county treasurers (except in Kalamazoo).

REPORT AND PAYMENT: Township and county taxes due December 1. School taxes due December 1, unless school board elects to make all or one-half due July 1. City and village taxes due in accordance with charters.

DISPOSITION: As locally determined. The state reimburses local governments for certain lands controlled by the Michigan Department of Natural Resources, in lieu of property taxes (often called "the swamp tax"); this reimbursement is equal to \$2.00 an acre.

AD VALOREM SPECIAL ASSESSMENTS

LEGAL CITATION:	M.C.L. 117.4d ; 1909 PA 279 (public improvements and street lighting – cities); M.C.L. 41.414 ; 1923 PA 116 (various public improvements – townships and villages); M.C.L. 41.801 et seq ; 1951 PA 33 (police/fire equipment and operations – cities with less than 15,000 population, City of Saginaw, townships, and villages); M.C.L. 41.721 et seq. ; 1954 PA 188 (various public improvements – townships); M.C.L. 560.192a ; 1967 PA 288 (operation and maintenance of storm water retention basins – townships, villages, and cities);
YEAR ADOPTED:	Various (see above).
BASIS OF TAX:	Ownership of real property.
MEASURE OF TAX (BASE):	Taxable value of the real property subject to the assessment. Property that is exempt from the General Property Tax, such as religious, charitable, or educational property is not exempt from the base of special assessments unless the statute authorizing the specific type of special assessment so provides. PA 33 exempt property that is exempt from the General Property Tax Act. PA 279 prohibits city-wide ad valorem special assessments for street lighting if real property in the city is assessed on ad valorem basis.
RATE:	Determined as a rate by dividing the cost of the public improvement or service being financed by the taxable value of the special assessment district. In some cases, limits on the rate are established in law. PA 33 limits levy to 10 mills for equipment, no limit for operations. PA 116 limits levy for a single assessment to 15% of assessed value and to 45% of assessed value for all assessments under the act in any single year.
ADMINISTRATION:	Same as General Property Tax.
REPORT AND PAYMENT:	Same as General Property Tax.
DISPOSITION:	Locally determined.
2019-20 COLLECTIONS:	\$212,936,100 (unit-wide special assessments only).

INDUSTRIAL FACILITIES TAX

LEGAL CITATION:	M.C.L. 207.551 et. seq. ; 1974 PA 198.
YEAR ADOPTED:	1974
BASIS OF TAX:	In lieu of general property taxation for up to 12 years after completion of facilities granted exemption certificates within plant rehabilitation or industrial development districts.
MEASURE OF TAX (BASE):	<p><i>Replacement facility</i>: taxable value of facility, excluding land and inventory, in year prior to granting of exemption certificate.</p> <p><i>New or speculative facility</i>: current taxable value of facility, excluding land and inventory.</p> <p>Industrial personal property subject to the tax may be exempt from the portion of the tax attributable to the State Education Tax or local school operating taxes. Partial exemption for facility located in a renaissance zone.</p>
RATE:	<p><i>Replacement facility</i>: same as the local property tax rate.</p> <p><i>New or speculative facility</i>: The State Education Tax plus one half of all other taxes.</p> <p>Certificate applicants and the granting municipality must enter into an agreement before the State Tax Commission can approve an exemption certificate.</p>
ADMINISTRATION:	Same as General Property Tax. Local legislative body and State Tax Commission must approve issuance of certificate with concurrence of the Michigan Economic Development Corporation.
REPORT AND PAYMENT:	Same as General Property Tax.
DISPOSITION:	Distributed on same basis as General Property Tax except that all or part of school district share is credited to the School Aid Fund.

OBSOLETE PROPERTIES TAX

LEGAL CITATION:	M.C.L. 125.2781 et seq. ; 2000 PA 146.
YEAR ADOPTED:	2000
BASIS OF TAX:	In lieu of general property taxation for up to 12 years after completion of facility. Partial exemption for facility located in a renaissance zone. New exemptions can no longer be granted as of December 31, 2016; however, existing exemptions in effect as of this date shall remain in effect until their expiration.
MEASURE OF TAX (BASE):	For all taxes levied, taxable value of facility in year prior to granting of exemption certificate, excluding land and personal property other than buildings on leased land. For local school operating taxes and the State Education Tax, add the increase in the taxable value of the rehabilitated facility to the frozen taxable value of the facility.
RATE:	Varies by local unit. Total millage rate for all taxing units. State Treasurer can exempt, for up to six years on the post-rehabilitation taxable value, up to one-half of the mills levied for local school operating purposes and the State Education Tax.
ADMINISTRATION:	Same as General Property Tax. Local legislative body and State Tax Commission must approve issuance of certificate.
REPORT AND PAYMENT:	Same as General Property Tax.
DISPOSITION:	Same as General Property Tax, except that revenue that is attributable to local school districts and intermediate school districts is credited to the state School Aid Fund.

HYDROPONICS AND AQUACULTURE FACILITIES SPECIFIC TAX

LEGAL CITATION:	M.C.L. 211.981-211.986 ; 2014 PA 512.
YEAR ADOPTED:	2014.
BASIS OF TAX:	In lieu of general property taxation for owners of an eligible hydroponics production facility or an eligible aquaculture production facility.
MEASURE OF TAX (BASE):	<p>Taxable value of the eligible hydroponics production facility or eligible aquaculture production facility.</p> <p>A hydroponics production facility is real property used for an indoor agricultural production operation which uses hydroponic techniques or practices for growing plants. To be eligible for the specific tax, a facility must have a production area of at least one acre and must not grow plants that are illegal under federal law.</p> <p>An aquaculture production facility is real property used for an indoor aquaculture production facility using aquaculture techniques or practices for growing aquaculture species. A facility must have a production area of at least 10,000 square feet to be eligible for the specific tax.</p>
RATE:	Annual tax equals 25 percent of the annual property tax payment that the eligible facility would otherwise owe under the general property tax from levies that existed on December 31, 2014, if not exempt, except that the facility also qualifies for the principal residence exemption from taxes levied by local school districts for operating purposes. Tax is adjusted annually for any new millages approved within the local tax collecting unit after December 31, 2014, by adding an amount equal to the newly authorized mills times the taxable value of the eligible facility.
ADMINISTRATION:	State Tax Commission ; local assessors and treasurers.
REPORT AND PAYMENT:	Same as the General Property Tax.
DISPOSITION:	Same as the General Property Tax.

ELIGIBLE TAX REVERTED PROPERTY SPECIFIC TAX

COUNTY REAL ESTATE TRANSFER TAX

LEGAL CITATION:	M.C.L. 207.501 et seq. ; 1966 PA 134.
YEAR ADOPTED:	1966
BASIS OF TAX:	Privilege of transferring any interest in real property.
MEASURE OF TAX (BASE):	<p>Fair market value of written instrument by which property is transferred.</p> <p>Exemptions include written instruments involving the following:</p> <ol style="list-style-type: none">(1) transfers of less than \$100;(2) transfers of land outside Michigan;(3) transfers which the state is prohibited by federal law from taxing;(4) security or an assignment or discharge of a security interest;(5) transfers evidencing a leasehold interest;(6) personal property;(7) transfers of interests for underground gas storage purposes;(8) transfers where a governmental unit is the grantor;(9) transfers involving foreclosure by a governmental unit;(10) certain interspousal transfers;(11) transfers ordered by a court if no consideration is ordered;(12) transfers to straighten boundary lines if no consideration is paid;(13) transfers to correct a title flaw;(14) land contracts in which title does not pass until full consideration is paid;(15) transfers of mineral rights;(16) creation of joint tenancies if at least one joint tenant already owned the property;(17) transfers to a bankruptcy trustee, receiver, or administrator.
RATE:	55 cents per \$500 (0.11%) or fraction thereof of total value. Wayne County is statutorily authorized to impose a rate of 75 cents per \$500 (0.15%), but voter approval is required. It currently levies the tax at a rate of 55 cents per \$500 (0.11%) of taxable value.
ADMINISTRATION:	Supervision: Department of Treasury. Collection: Treasurer of county in which transfer occurs.
REPORT AND PAYMENT:	Due when transaction is recorded.
DISPOSITION:	General fund of county in which tax is collected.

OUTLINE OF THE MICHIGAN TAX SYSTEM

COMMERCIAL REHABILITATION TAX

LEGAL CITATION:	M.C.L. 207.841 et seq. ; 2005 PA 210.
YEAR ADOPTED:	2005
BASIS OF TAX:	In lieu of general property taxation for up to 10 years after completion of facilities granted exemption certificates within commercial rehabilitation districts. Authority to issue certificates expires on December 31, 2025, but an exemption then in effect will continue until expiration of the certificate.
MEASURE OF TAX (BASE):	Taxable value of facilities, excluding land and personal property, in year prior to granting of exemption certificate. Exemption certificate creates alternate taxable value for all tax levies except school operating millages and State Education Tax.
RATE:	Varies by local unit.
ADMINISTRATION:	Same as General Property Tax. County can object to creation of district. Local legislative body and State Tax Commission must approve issuance of certificate.
REPORT AND PAYMENT:	Same as General Property Tax.
DISPOSITION:	Same as General Property Tax, except that revenue that is attributable to local school districts and intermediate school districts is credited to the state School Aid Fund.

COMMERCIAL FACILITIES TAX

LEGAL CITATION:	M.C.L. 207.651 et seq. ; 1978 PA 255.
YEAR ADOPTED:	1978
BASIS OF TAX:	In lieu of general property taxation for up to 12 years after completion of facilities granted exemption certificates within commercial redevelopment districts. Authority to issue certificates expires on December 31, 2025, but an exemption then in effect continues until expiration of certificate.
MEASURE OF TAX (BASE):	<i>New or replacement facility:</i> current taxable value of facility, excluding land and personal property other than buildings or leased land. <i>Restored facility:</i> taxable value of facility, excluding land and personal property other than buildings and leased land, in year prior to granting of exemption certificate.
RATE:	<i>New or replacement facility:</i> 1/2 of the total property taxes levied by all units, other than the State Education Tax, plus the entire amount of the State Education Tax. The State Treasurer, in order to promote economic growth, may exempt up to 1/2 of the mills levied under the State Education Tax for a period not to exceed six years. The Treasurer may only issue 25 exemptions each year. <i>Restored facility:</i> same as the local property tax rate.
ADMINISTRATION:	Same as General Property Tax. Local legislative body must approve issuance of certificate.
REPORT AND PAYMENT:	Same as General Property Tax.
DISPOSITION:	Same as General Property Tax, except that revenue that is attributable to local school districts and intermediate school districts is credited to the state School Aid Fund.

COMMERCIAL FOREST TAX

LEGAL CITATION:	M.C.L. 324.51101-324.51120 ; 1995 PA 57.
YEAR ADOPTED:	1925. The former statute (1925 PA 94) was repealed as of May 24, 1995.
BASIS OF TAX:	In lieu of general property taxation.
MEASURE OF TAX (BASE):	Lands placed in commercial forest reserve (generally, 40 acre minimum). Commercial forest land located in a renaissance zone is exempt from the tax.
RATE:	<p><i>Specific:</i> \$1.30 per acre until December 31, 2021. Beginning January 1, 2022, and every five years after that date, the tax rate will be increased by five cents per acre. (The state also pays \$1.30 per acre until December 31, 2021. Beginning January 1, 2022, and every five years after that date, the annual state payment will increase by five cents per acre to each county within which acreage is located.)</p> <p><i>Withdrawal:</i> \$1.00 per acre application fee with a minimum fee of \$200 per application and a maximum of \$1,000 per application, plus per acre penalty. The penalty is a function of the number of acres withdrawn, value of property, average millage rate for all townships in the county where property is located, the number of years, up to seven, in which the withdrawn property had been designated as commercial forestland, and a county-specific (contained in law) factor. The property's value is equal to the previous year's value adjusted for inflation, but not to exceed 5%. Land owners that are approved for the Transitional Qualified Forest program may withdraw without penalty, and are eligible to do so until September 1, 2021.</p> <p>For commercial forestland that is subject to a sustainable forest conservation easement, the rate is 15 cents per acre less than the rate for all other commercial forestland. The application fee for withdrawal is \$2.00 per acre with a minimum fee of \$200 per application and a maximum of \$1,000 per application.</p>
ADMINISTRATION:	Department of Natural Resources ; Township Assessors, Township and County Treasurers.
REPORT AND PAYMENT:	<i>Specific:</i> with property tax; <i>Withdrawal:</i> with application to withdraw.
DISPOSITION:	Deposited into Private Forestland Enhancement Fund, which is to be used to finance programs that encourage the judicious management of forestlands.

QUALIFIED FOREST TAX

LEGAL CITATION:	M.C.L. 324.51101-324.51120 ; 1995 PA 57.
YEAR ADOPTED:	2013. Initially authorized by 1925 PA 94. Property tax exemptions and recapture tax initially adopted in 2006.
BASIS OF TAX:	Ownership of qualified forest lands that are eligible for certain general property tax benefits, including exemption from school operating millage levies and from the uncapping of taxable value upon sale/transfer of qualified property.
MEASURE OF TAX (BASE):	Taxable value of qualified forest lands where owner has signed affidavit attesting that land will remain in forest production and be managed in accordance with a forest management plan. Generally, 20 acre minimum for land 80% stocked in productive forest; 40 acre minimum for land 50% stocked in productive forest. Maximum of 640 acres per tax collecting unit.
RATE:	<p><i>Tax/Participation Fee:</i> 2 mills on the taxable value of a qualified parcel.</p> <p><i>Withdrawal/Recapture Tax:</i></p> <p><i>If one or more harvests have occurred on the property before withdrawal:</i> taxable value of the qualified forest property times the number of school operating mills levied net of the 2 mill participation fee times the number of years the property was exempt from school operating mills as qualified forest property (up to 7 years); plus repayment of any property taxes that would have been paid had the taxable value not remained capped due to designation as qualified forest property.</p> <p><i>If no harvests have occurred on the property before withdrawal:</i> taxable value of the qualified forest property times the number of school operating mills levied times two; plus repayment of any property taxes that would have been paid had the taxable value not remained capped because of designation as qualified forest property.</p>
ADMINISTRATION:	Department of Agriculture and Rural Development ; township assessors, township and county treasurers.
REPORT AND PAYMENT:	<i>Specific:</i> annually with property tax; <i>Withdrawal:</i> with application to withdraw.
DISPOSITION:	Deposited into Private Forestland Enhancement Fund, which is to be used to finance the Qualified Forest program and programs that encourage sustainable management of forest-lands.

OUTLINE OF THE MICHIGAN TAX SYSTEM

TRANSITIONAL QUALIFIED FOREST PROPERTY TAX

LEGAL CITATION: [M.C.L. 211.1091-211.1101](#); 2016 PA 260.

YEAR ADOPTED: 2016.

BASIS OF TAX: In lieu of general property taxation.

MEASURE OF TAX (BASE): The taxable value of Transitional Qualified Forest Property (TQFP).

A landowner can choose to have eligible land categorized as TQFP if they desire to withdraw from the Commercial Forests (CFR) exemption. Each owner is allowed up to 160 acres of TQFP per township. To qualify property as TQFP, the property owner must apply to the Michigan Department of Agricultural and Rural Development, and the land must be:

- (1) CFR property that qualifies to become Qualified Forest Property;
- (2) Owned and listed as CFR property no later than September 1, 2016;
- (3) The owner must have applied to become TQFP no later than September 1, 2021.

Land is only eligible to be TQFP for a period of five years; after that, the land is taxed as Qualified Forest Property (see Qualified Forest Tax).

RATE: *Tax:* The assessor determines the assessed and taxable values of TQFP in the same manner as under the General Tax Act, but instead of paying the ad valorem tax, the owner pays the greater between:

- (1) The specific tax calculated under the Commercial Forest Specific Tax; or
- (2) The result of multiplying the number of assessed mills if the property was treated as Qualified Forest Property by the property's taxable value, and then multiplying the product by 20% times the number of years in the program.

Participation Fee: An additional fee, listed at two mills of the property's taxable value, is to be charged in addition to the taxable value.

Withdrawal: If the property is no longer eligible to be considered TQFP, the owner must pay the application fee and the penalty that would have been assessed to withdraw from the Commercial Forest Program.

ADMINISTRATION: Same as General Property Tax, with Michigan [Department of Agricultural and Rural Development](#).

REPORT AND PAYMENT: *Specific:* with property tax.

DISPOSITION: The tax component is distributed in the same manner as the General Property Tax. The two mill fee and withdrawal penalty are distributed to the Department of Treasury for deposit in the Private Forestland Enhancement Fund.

LOW GRADE IRON ORE SPECIFIC TAX

LEGAL CITATION:	M.C.L. 211.621 et seq. ; 1951 PA 77.
YEAR ADOPTED:	1951.
BASIS OF TAX:	In lieu of general property taxation.
MEASURE OF TAX (BASE):	Rated annual capacity of production and treatment plant, and gross ton value of ore.
RATE:	Prior to full production: rated annual capacity times 0.55% of value per gross ton, times percent completion of plant. Subsequently: 5-year average production times 1.1% of value per gross ton.
ADMINISTRATION:	Assessment: Township or city assessor; Michigan Department of Environmental Quality, Office of Oil, Gas, and Minerals . Collection: Township or city treasurer.
REPORT AND PAYMENT:	Same as General Property Tax.
DISPOSITION:	Same as General Property Tax, except that revenue that is attributable to local school districts and intermediate school districts is credited to the state School Aid Fund.

MOTOR VEHICLE REGISTRATION FEES

LEGAL CITATION: [M.C.L. 257.801-257.810](#); 1949 PA 300; [Section 9, Article IX, state Constitution](#).

YEAR ADOPTED: 1905.

BASIS OF TAX: In lieu of general property and other taxes.

MEASURE OF TAX (BASE): Weight of vehicle or the type or sales price of vehicle. Elected gross vehicle weight (the empty weight of a vehicle or combination of vehicles plus the weight of the maximum load the owner has elected to carry) for large trucks.

RATE: 1. *Personal passenger vehicles purchased new, or vehicles of the 1984 model year or later which are subsequently resold as used*, are assessed on the following schedule:

<u>Base List Price</u>	<u>Tax in 1st Year of Ownership</u>
Up to \$6,000	\$36
\$6,001 to \$7,000	\$40
\$7,001 to \$30,000	\$46, plus \$6 for each \$1,000 above \$7,000 base list price.
More than \$30,000	\$178, increased by \$6.00 for each \$1,000 or fraction of \$1,000 over \$30,000.

During the 2nd, 3rd, and 4th years, the tax on such vehicles is reduced by 10% from the prior year's level and remains constant thereafter.

Hybrid and electric vehicle registrants are required to pay 20% higher registration fees.

Additional charges and service fees are levied for special plates bearing insignia (e.g. military veterans) and pictorial scenes of state significance (e.g. the Mackinac Bridge). Also, plates bearing special messages and nicknames ("vanity plates") are available at additional cost.

Pickup trucks and vans under 8,000 lb., passenger cars, and motor homes purchased before October 1, 1983, are assessed on the basis of the following schedule in lieu of a value tax:

0-3,000 lb.	\$29	4,501-5,000 lb.	\$47	6,501-7,000 lb.	\$67	8,501-9,000 lb.	\$86
3,001-3,500 lb.	\$32	5,001-5,500 lb.	\$52	7,001-7,500 lb.	\$71	9,001-9,500 lb.	\$91
3,501-4,000 lb.	\$37	5,501-6,000 lb.	\$57	7,501-8,000 lb.	\$77	9,501-10,000 lb.	\$95
4,001-4,500 lb.	\$43	6,001-6,500 lb.	\$62	8,001-8,500 lb.	\$81	Over 10,000 lb.	add \$.90/100 lb.

The above rates are adjusted annually in accordance with changes in state personal income.

2. For *trucks and truck tractors owned and used by a farmer or wood harvester*: \$0.74 per 100 pounds (minimum \$16).

3. For *motorcycles*: \$25.00.

4. For *buses operated under an MDOT certificate*: \$25.

5. For *taxicabs* (fee per 100 lb.):

0-4,000 lb.	\$1.76	4,001-6,000 lb.	\$2.20	6,001-10,000 lb.	\$2.72	Over 10,000 lb.	\$3.25
-------------	--------	-----------------	--------	------------------	--------	-----------------	--------

6. For *hearses and ambulances*: 1.17 per 100 lb.

7. For *wreckers*: \$200

8. For *trucks owned and operated free of charge by a religious or charitable organization*: \$0.65 per hundred lb.

9. For *commercial pickup trucks under 5,000 lb.*:

0-4,000 lb.	\$39	4,001-4,500 lb.	\$44	4,501-5,000 lb.	\$49
-------------	------	-----------------	------	-----------------	------

10. For *trucks weighing 8,000 lb. or less and tow trucks* (\$38 minimum; fee per 100 lb.):

0-2,500 lb.	\$1.40	4,001-6,000 lb.	\$2.20	8,001-10,000 lb.	\$3.25	Over 15,000 lb.	\$4.39
2,501-4,000 lb.	\$1.76	6,001-8,000 lb.	\$2.72	10,001-15,000 lb.	\$3.77

11. For trucks weighing 8,000 lb. or less towing a trailer or for trucks weighing 8,001 lb. and over, road tractors, and truck tractors, a flat fee on elected gross weight (shown here in lbs.):

0-24,000: \$590	36,001-42,000: \$1,049	66,001-72,000: \$1,835	115,001-130,000: \$2,938
24,001-26,000: \$670	42,001-48,000: \$1,206	72,001-80,000: \$1,992	130,001-145,000: \$3,204
26,001-28,000: \$670	48,001-54,000: \$1,362	80,001-90,000: \$2,152	145,001-160,000: \$3,473
28,001-32,000: \$779	54,001-60,000: \$1,522	90,001-100,000: \$2,403	Over 160,000: \$3,741
32,001-36,000: \$893	60,001-66,000: \$1,678	100,001-115,000: \$2,668	

12. For *trailers* (one-time fee): under 2,500 lb. \$75; 2,500 lb. to 9,999 lb. \$200; 10,000 lb. and over \$300.

13. For *electric vehicles using 4 or more tires*, a surcharge is imposed (in addition to the vehicle's regular registration tax) equal to:

<u>Vehicle Type</u>	<u>Surcharge</u>
Hybrid, empty weight of 8,000 lb. or less	\$ 47
Hybrid, empty weight more than 8,000 lb.	\$117
Non-hybrid, empty weight of 8,000 lb. or less	\$135
Non-hybrid, empty weight more than 8,000 lb.	\$235

The surcharge for hybrid vehicles will be increased by \$2.50 for each 1-cent increase in the gasoline tax above 19 cents per gallon. Likewise, the surcharge for non-hybrid vehicles will be increased by \$5.00 for each 1-cent increase in the gasoline tax above 19 cents per gallon. The values reported above are based on the current 26.3 cent per gallon tax rate.

An additional fee of \$8 is added to most registrations to cover certain regulatory and administrative costs. The fee is scheduled to expire on October 1, 2023.

Registration transfers: A vehicle registration can be transferred to a purchased new or used vehicle for a registration transfer fee of \$10 plus a registration difference fee of \$8.

ADMINISTRATION: [Michigan Department of State](#); certain fees, Michigan Department of Natural Resources.

REPORT AND PAYMENT: Registration expires annually on owner's birthday, except for certain commercial vehicles owned by "persons" other than individuals (last day of February), for trailers (lifetime registration), for motorcycles (March 31), and for historic vehicles (on April 15 in the 10th year after the date of issue). Tax due with new registration.

DISPOSITION: Michigan Transportation Fund; Of the \$8 fee imposed on most vehicle registrations, \$2.25 credited to the Traffic Law Enforcement and Safety Fund and \$5.75 to the Transportation Administration Collection Fund.

The \$10 registration transfer fee is credited to the Transportation Administration Collection Fund; \$8 registration difference fees are credited to the Michigan Transportation Fund.

**The Michigan Business Tax has been repealed but remains in effect for certain taxpayers. The Estate and the Enterprise Zone Facilities taxes were rendered moot by changes in federal laws. They remain in statute and could become effective with changes in federal or state statutes.*

OUTLINE OF THE MICHIGAN TAX SYSTEM

APPENDIX A: 2021 CHANGES IN MICHIGAN TAX LAWS

Tax Administration

- 2020 PA 77: Regulates the conduct of paid tax preparers, including requiring such preparers to sign tax returns and claims for refund that they prepare and include their tax identification number.
- PA 255: Revises rules regarding the purchase of tax delinquent property foreclosed upon by a governmental unit and the prioritization for the use of proceeds from such sales.
- PA 256: Establishes a time-limited process for a person with a property interest in a tax delinquent property foreclosed upon by a government to claim an interest in any applicable remaining proceeds from the sale of the property.

Business Privilege Taxes

Unemployment Insurance Tax

- 2020 PA 229: Revises provisions related to a person's eligibility for unemployment insurance through the end of calendar year 2020, effectively codifying numerous executive orders issued in response to the COVID-19 pandemic. Among the changes, benefits for claimants laid off or placed on leave through December 31, 2020 would be charged to an employer's Nonchargeable Benefit Account, thereby reducing the employer's related tax liability.

Internet Gaming Tax

- 2020 PA 327: Allows the Michigan Gaming Control Board to enter into agreements with Indian tribes and other jurisdictions to facilitate multijurisdictional internet poker within the United States.

Income Taxes

Personal Income Tax

- 2020 PA 75: Amends the Income Tax Act to adjust the percentage of revenue collected from the income tax earmarked for the School Aid Fund from 0.954 percent to 1.012 percent. This reverses a change made by PA 588 of 2018, beginning in Fiscal Year 2020.

- PA 343: Reestablishes an historic preservation tax credit of up to 25% of qualified expenditures on rehabilitation of historic buildings, structures, and sites; total of all pre-approved credits capped at \$5 million in a calendar year.

Corporate Income Tax

- 2020 PA 343: Reestablishes an historic preservation tax credit of up to 25% of qualified expenditures on rehabilitation of historic buildings, structures, and sites; total of all pre-approved credits capped at \$5 million in a calendar year.

Sales-Related Taxes

Use Tax/State Share

- 2020 PA 194: Modifies the definition of "qualified school debt millage rate" used in determining revenue distribution to municipalities for industrial and commercial personal property tax revenue losses.
- PA 195: Revises the definition of school operating loss used in determining a municipality's reimbursement for industrial and commercial personal property tax revenue losses.
- PA 196: Requires creation of an operating fund for tax revenue used to operate the Local Community Stabilization Authority.
- PA 197: Adjusts the calculation of a millage on industrial and commercial personal property for tax increment finance authorities used to determine reimbursement to municipalities for revenue losses.
- PA 198: Modifies procedures for reporting errors in calculating a millage on industrial and personal property used to determine reimbursement to municipalities for revenue losses.

Tobacco Products Tax

- 2020 PA 326: Prohibits sales of tobacco products from out of state to any person other than licensed wholesalers and licensed "unclassified acquirers".

Marihuana Retailer Excise Tax

- 2020 PA 222: Clarifies that revenue from the tax allocated to the Michigan Transportation Fund would be distributed under the traditional "Act 51" transportation funding formula used for other dedicated state transportation revenue.

Beer Tax

- 2020 PA 109: Expands eligibility threshold for claiming small brewer's credit to 60,000 barrels manufactured during the tax year; up from 50,000 barrels. Also reduces the frequency of beer tax payments from monthly to quarterly.

Wine Tax

- 2020 PA 110: Reduces the frequency of wine tax payments from monthly to quarterly.

Property Taxes

General Property Tax

- 2020 PA 88: Extends the deadline for filing a property tax appeal with the Michigan Tax Tribunal to August 31, 2020 for calendar year 2020 only.
- PA 96: Extends the deadline to claim a principal residence exemption for a summer tax levy from June 1 to June 30, 2020 for tax year 2020 only.

OUTLINE OF THE MICHIGAN TAX SYSTEM

APPENDIX A 2018 CHANGES IN MICHIGAN TAX LAWS (CONT'D)

PA 206: Defines certain local processing errors and federal eligibility determination delays as a "qualified error" allowing a disabled veteran or an un-remarried spouse to appeal the denial of a disabled veteran property tax exemption.

PA 216: Removes certain limitations for the exemption from taxes collected under the General Property Tax Act of personal and real property leased, owned, or used by a nonprofit research and development enterprise that has received financial support under the Michigan Strategic Fund Act.

PA 251: Codifies one-time deadline extensions for county equalization processes initially established in executive orders related to the COVID-19 pandemic.

PA 253: Allows a local assessing unit to extend a poverty exemption from property tax for a principal residence that was exempt in 2019 and/or 2020 through tax year 2023; allows a residence receiving in first time exemption in 2021, 2022, or 2023 to remain exempt for up to three more years; local unit must approve extensions by resolution.

PA 272: Authorizes townships to levy a millage for mosquito abatement.

PA 297: Codifies one-time deadline extensions for board of review and county equalization processes initially established in executive orders related to the COVID-19 pandemic.

PA 352: Provides that personal property moved because of the COVID-19 pandemic be assessed in tax year 2021 in its ordinary location and not in its new location.

PA 355: Exempts real and personal property of a public bridge facility subject to a public-private agreement from property tax collections.

PA 356: Provides an exception from property taxation for concessionaires that use property that qualifies as a public bridge facility under a public-private agreement with a city.

Ad Valorem Special Assessments

2020 PA 273: Authorizes townships to establish special assessment districts for mosquito abatement.

PA 331: Allows limited-income seniors and disabled persons who qualify for special assessment deferrals on principal residences to make partial payments on special assessment balances and related interest; special assessments assessed on or after October 1, 2020 would no longer be eligible for the deferral program.

Commercial Rehabilitation Tax

2020 PA 217: Extends sunset for issuing new exemption certificates from December 31, 2020 to December 31, 2025.

Commercial Facilities Tax

2020 PA 218: Extends sunset for issuing new exemption certificates from December 31, 2020 to December 31, 2025.

Transportation Taxes

Motor Vehicle Registration Fees

2020 PA 102: Increases the fee for vehicle registration transfers from \$8 to \$10 and establishes a new \$5 registration difference fee for most registration transfers involving a transfer of vehicle ownership.

PA 103: Revises the definitions for electric vehicles on which vehicle registration tax surcharges are based; no changes are made to the surcharge amounts.

OUTLINE OF THE MICHIGAN TAX SYSTEM

APPENDIX B GLOSSARY OF TERMS

Ad Valorem Tax: A tax computed from the value of a property. Property taxes and part of the Michigan Motor Vehicle Registration Tax are levied based on the value of the property or automobile. Contrasted with these taxes are most special assessments, which are levied based on a measure of how the property is benefited by a capital improvement such as frontage, or the prior method of taxing vehicle registrations, which was the weight of the automobile.

Capitation: A payment method for health care services. The physician, hospital, or other health care provider is paid a fixed contracted rate for each member assigned, regardless of the number or nature of services provided. Payment can be adjusted for age, gender, illness, and regional differences.

Captive Insurance Company: An insurance company that insures risks of its parent, affiliated companies, controlled unaffiliated business, or a combination of its parent, affiliated companies, and controlled unaffiliated business.

Carryback: A loss sustained or a portion of a credit not used in a given period that may be deducted from taxable income for a prior period.

Collateral Heirs: Persons who receive the assets of an individual who has died.

Earmarked: The dedication or setting aside of financial resources for a specific use.

Excise Tax: A tax levied on the purchase of individual products and services. Taxes levied on tobacco products, alcohol, beer and wine, and gasoline are examples of excise taxes. Contrasted with these are general sales and use taxes that are levied because a retail sale has occurred rather than because of the product purchased.

Fantasy Contest: The term is defined within the Fantasy Contests Consumer Protection Act (M.C.L. 432.503) as a simulated game or contest with an entry fee where winning outcomes are determined by the aggregated statistical results of the performance of multiple individual athletes on real world sports teams as selected by the fantasy contest player. The statutory definition explicitly excludes direct sports betting; contests involving animal racing; various casino, card, and dice games; and any other games or devices authorized under the Michigan Gaming Control and Revenue Act.

Fiscal Year: An accounting period of twelve months at the end of which a government determines its financial condition and the results of its operations and closes its books. The state fiscal year runs from October 1 through September 30 of the following year. Various Michigan local governments have fiscal years that run from January 1 to December 31, April 1 to March 31, July 1 to June 30, or October 1 to September 30.

Grantor Trusts: Trusts where the income is taxed to the party placing the money into the trust or some other person under subpart E of subchapter J of the federal internal revenue code.

Gross Receipts: Entire amount received by a taxpayer from any business activity for direct or indirect gain, benefit or advantage to the taxpayer.

Member months: The total number of individuals for whom the insurance provider has recognized revenue for 1 month. For members revenue is recognized for only part of a month, a prorated partial member month is counted.

Mill: One one-thousandth of a dollar of assessed value, meaning that one mill is worth \$1 of tax per \$1,000 of assessed value.

Nexus: The amount or level of presence in a state that is required before a company is subject to taxation by that state or sub-geographical area of the state.

Pari-Mutuel: A system of betting in which the amounts wagered are placed in a pool to be shared by those who bet on the winners minus a percentage for the management.

Personal Property: Generally considered to be things that are movable. Personal property includes tangible property (other than real property), intangible property, and inventory.

Real Property: Land, buildings and fixtures on the land, and appurtenances to the land.

Scrip: Any substitute for currency which is not legal tender and is often a form of a credit.

OUTLINE OF THE MICHIGAN TAX SYSTEM

APPENDIX B GLOSSARY OF TERMS (CONTINUED)

Severance Tax: A tax imposed distinctively on removal of natural products such as oil, gas, other minerals, timber, or fish and measured by value or quantity of products removed or sold.

Specific Tax: Article IX, Section 3, of the Michigan Constitution provides for the uniform general ad valorem taxation of real and tangible personal property not exempt by law. The Constitution permits the legislature to provide for alternative means of taxation of designated real and tangible personal property in lieu of general ad valorem taxation. These taxes levied in lieu of ad valorem taxes are specific taxes.

Subchapter S Corporation: A small business corporation limited to no more than 15 shareholders. Statutorily, it is defined as a corporation electing taxation under subchapter S of chapter 1 of subtitle A of the Internal Revenue Code, sections 1361 to 1379 of the Internal Revenue Code.

Tangible Assets: An item that is capable of being perceived especially by the sense of touch. Contrasted with tangible assets are intangible assets, which include items such as stocks, bonds, and bank holdings. Intangible assets were taxed under the General Property Tax in Michigan until 1939, when the state began collecting the Intangibles Tax. The Intangibles Tax was phased out as of January 1, 1998.

Transient Guest: A person staying less than 30 consecutive days at a particular establishment.

True Cash Value: A cash value of property determined by finding out what one could reasonably expect to get in an “arms length” transaction.

Value Added: Microeconomics explains that for a business endeavor to be successful, revenues will be equal to the cost of labor, the cost of materials, depreciation, and interest as well as allowing some profit for the owners or investors. The “value added” is simply the difference between these revenues and the value of the cost of materials purchased from other firms to produce the product.

Value Added Tax: A broad-based tax levied on that portion the “value added” of the final product of a business that is over and above the value of the materials it purchased. Each business is taxed on the addition to value it contributes to the final product or service. By applying the tax against the added value, multiple taxation of the same business activity is avoided and transactions between businesses are treated the same as those between internally integrated operations within a single firm.

There are two methods of arriving at this tax base for a value-added tax: the deduction method and the addition method. Under the deduction method, the value added by any individual firm is equivalent to its total sales receipts less its costs for materials. Michigan utilized the deduction method when it levied the Business Activities Tax from 1953 to 1967. The addition method bases the tax on the total of the firm's profits, that is federal taxable income, with the addition of items that reflect the value added by the business that are excluded from federal taxation. These include the cost of labor, depreciation, and interest. This method was used in computing the former Single Business Tax.

Written Instrument: Includes contracts for the sale or exchange of real estate or any interest therein. Includes deeds or instruments of conveyance of real property or any interest therein for consideration.

OUTLINE OF THE MICHIGAN TAX SYSTEM

APPENDIX D MICHIGAN BUSINESS TAX

LEGAL CITATION: [M.C.L. 208.1101 et seq.](#); 2007 PA 36.

YEAR ADOPTED: 2007. The tax was repealed for nearly all taxpayers effective January 1, 2012. See “Repeal of Michigan Business Tax” below.

Repeal of the Michigan Business Tax

The tax was repealed for most taxpayers effective January 1, 2012. Public Act 39 of 2011 replaced the Michigan Business Tax with a 6% Corporate Income Tax. The special taxes on financial institutions and insurance companies contained in the Michigan Business Tax Act were moved, intact, to the Income Tax Act (which contains the new Corporate Income Tax); however, a number of the credits available to these entities were eliminated. Nearly all of the Michigan Business Tax credits are eliminated under the new Corporate Income Tax. In certain cases, however, taxpayers can elect to continue to file under the Michigan Business Tax to take advantage of specific credits authorized prior to January 1, 2012.

Beginning January 1, 2012, certain taxpayers with “certificated credits” can elect to continue to file under the Michigan Business Tax election, in place of the new Corporate Income Tax, in order to receive their credit. The law requires taxpayers to pay a tax based on the greater of their Michigan Business Tax liability or their liability under the Corporate Income Tax. Taxpayers electing to file under the Michigan Business Tax must continue to do so until the certificated credit and any carryforward from that credit is used up. Generally speaking, “certificated credits” refer to those credits that result from some agreement between the state and the taxpayer in which a voucher or credit certificate is issued. Tax credits preserved under the definition of “certificated credits” include:

- Early Stage Venture Capital Credit;
- Brownfield Redevelopment Credit;
- Michigan Economic Growth Authority Credits (various);
- Film Production Credits;
- Film Infrastructure Credit;
- Historic Preservation Credit;
- Renaissance Zone Credit;
- Farmland Preservation Credit; and
- NASCAR Speedway Infrastructure and Safety Credit.

Under Public Act 39, the Michigan Business Tax Act will be repealed when the Department of Treasury notifies the Secretary of State that all certificated credits have been exhausted. Thus, the Michigan Business Tax was not immediately repealed under Public Act 39 for all taxpayers, although for most taxpayers it was effectively repealed.

BASIS OF TAX: The tax is comprised of two components, an income tax and a modified gross receipts tax. For the income tax component, the basis is a direct tax on business income. For the modified gross receipts component, the basis is the privilege of doing business in Michigan. Both components apply to all businesses with activity in the state and gross receipts exceeding \$350,000 sourced to Michigan. Insurance companies and financial institutions pay separate taxes from the income and gross receipt taxes and are not subject to the \$350,000 filing threshold.

MEASURE OF TAX (BASE): The basis of the business income tax component begins with the federal taxable income of the business entity. The basis of the modified gross receipts tax component is the gross receipts of the business entity, less purchases from other firms. Both taxes are subject to a number of base adjustments and apportionment to Michigan.

Base Adjustments:

Business Income Tax

Federal taxable income adjusted to:

- (1) add back certain federal income tax deductions (e.g., interest income and dividends from other states’ obligations; income taxes and Michigan Business Tax paid; net operating loss carryback/forward; royalty, interest, or other expense paid to a person related to the taxpayer by ownership or control for the use of an intangible asset);

- (2) deduct certain items included in federal taxable income (e.g., dividends and royalties from non-United States entities; interest income from U.S. obligations; net earnings from self-employment; the book-tax difference for qualifying assets);
- (3) add the loss or deduct the gain attributable to another taxable business, to the extent included in federal taxable income;
- (4) deduct any business loss.

Modified Gross Receipts Tax

Gross receipts exclude the following:

- (1) amounts of "bad debt" for federal income tax purposes phased in over a 5-year period (50% in 2008, 60% in 2009 and 2010, 75% in 2011, and 100% in 2012 and each year thereafter);
- (2) proceeds from sales by a principal that are collected in an agency capacity solely on behalf of the principal and delivered to the principal;
- (3) amounts received as an agent solely on behalf of the principal that are expended by the taxpayer under certain circumstances;
- (4) amounts excluded from gross income of a foreign corporation engaged in the international operation of aircraft under IRC section 883(a);
- (5) amounts received by an advertising agency used to acquire advertising media time, space, production or talent on behalf of another person;
- (6) amounts received by a newspaper used to acquire advertising space not owned by that newspaper in another newspaper on behalf of another person, excluding any consideration received for acquiring that advertising space;
- (7) amounts received by a person that manages real property owned by a client that are deposited into a separate account kept in the name of the client and that are not reimbursed and are not indirect payments for management services provided to that client;
- (8) proceeds from the original issue of stock, equity instruments or debt instruments;
- (9) refunds from returned merchandise;
- (10) cash and in-kind discounts;
- (11) trade discounts;
- (12) federal, state or local tax refunds;
- (13) security deposits;
- (14) payment of the principal portion of loans;
- (15) value of property received in like-kind exchange;
- (16) proceeds from a sale or other disposition of property less any gain from the disposition or reorganization to the extent that the gain is included in the taxpayer's taxable income, subject to certain limitations;
- (17) proceeds from an insurance policy, settlement of a claim or judgment in a civil action, less any proceeds that are included in federal taxable income;
- (18) proceeds from the taxpayer's transfer of an account receivable, if the sale that generated the account receivable was included in gross receipts for federal income tax purposes. This provision does not apply to a taxpayer who both buys and sells any receivables during the tax year.
- (19) for a sales finance company at least partly owned by a motor vehicle manufacturer, and for a securities broker or dealer, amounts realized from the repayment or sale of the principal of a loan, bond, or similar marketable instrument if not held as inventory, and the principal amount received under a repurchase agreement or other transac-

- tion properly characterized as a loan;
- (20) for a mortgage company, proceeds representing the principal balance of loans transferred or sold in the tax year;
 - (21) for a professional employer organization (PEO), the actual cost of compensation paid to or on behalf of a covered employee by the PEO under a professional employer arrangement;
 - (22) invoiced items used to provide more favorable floor plan assistance to a person subject to the MBT than to a person not subject to the MBT and paid by a manufacturer, distributor, or supplier;
 - (23) for an individual, estate, or other person organized for estate or gift planning purposes, amounts received from personal investment activity and the disposition of property held for personal use and enjoyment;
 - (24) for a person that is organized exclusively to conduct investment activity for himself or a relative, amounts derived from investment activity;
 - (25) interest income and dividends derived from obligations or securities of the U.S. government, state government, or any sub-state governmental unit;
 - (26) dividends and royalties received from a foreign operating entity;
 - (27) to the extent amounts are not deducted as “purchases from other firms”, amounts relating to certain federal and state taxes and certain state fees;
 - (28) amounts attributable to an ownership interest in a pass-through entity, investment company, real estate investment trust, or cooperative corporation;
 - (29) amount of the excise taxes paid by a person on or for cigarettes or tobacco products.
 - (30) amounts attributable to the taxpayer pursuant to a discharge of indebtedness as defined in the federal Internal Revenue Code, including forgiveness of a nonrecourse debt.

“Purchases from other firms” include:

- (1) inventory acquired during the tax year;
- (2) depreciable assets;
- (3) materials and supplies;
- (4) for eligible general building, heavy construction, and construction special trade contractors “materials and supplies” also includes payments for materials deducted as purchases in determining the cost of goods sold for the purpose of calculating total income on Federal return;
- (5) for a staffing company, compensation of personnel supplied to its customers;
- (6) for eligible construction contractors, payments to subcontractors;
- (7) for a theater owner, film rental and royalty payments; and
- (8) for real estate brokers, salespeople, or appraisers, certain payments made to independent contractors.

Insurance Companies and Financial Institutions Tax

For insurance companies: The base of the tax is gross direct premiums written on property or risk located or residing in Michigan, excluding:

- (1) premiums on policies not taken;
- (2) returned premiums on canceled policies;
- (3) receipts from the sale of annuities;
- (4) receipts on reinsurance premiums if the tax was paid on the original premium; and
- (5) the first \$190 million of disability insurance premium, other than credit insurance and

disability income insurance premiums.

For financial institutions, including their subsidiaries: The base of the tax is the financial institution's net capital. Net capital is averaged over a five-year period and excludes goodwill and the average daily value of obligations of the United States and Michigan.

Apportionment:

For businesses with activity entirely within Michigan, the income and modified gross receipts tax bases are allocated entirely to Michigan. For businesses with multi-state activity, the income and modified gross receipt tax bases are allocated in proportion to sales in Michigan, with exceptions for certain types of businesses.

Exemptions are allowed for:

- (1) governmental agencies;
- (2) most "persons" exempt from federal income taxes;
- (3) nonprofit cooperative housing corporations;
- (4) agricultural producers;
- (5) certain revenues and expenses of farmers' cooperatives;

Michigan Economic Growth Authority

Public Act 24 of 1995 created the Michigan Economic Growth Authority (MEGA) tax credit to the Single Business Tax to promote economic growth and job creation within the state. The credit was retained under the Michigan Business Tax. The original act has been amended several times since to expand the size and types of businesses eligible to receive the tax credit. The credit amounts are approved by the MEGA board, which is an eight-member body, consisting of four state officials and four gubernatorial appointees. Today, the MEGA tax credit is a refundable credit applied against a firm's Michigan Business Tax liability. The amount of the tax credit available to a business is based on the number of jobs created and/or retained, the type and location of the business, and whether the firm is expanding or locating in Michigan. The credit amount is based, in part, on the amount of personal income tax associated with new or retained jobs. (Note: The amounts for specific MEGA credits (e.g., polycrystalline silicon, photovoltaic energy) are based on other factors, such as energy consumption and capital investment.) The amount of each tax credit is included in an agreement between the MEGA board and the firm. There are five general types of agreements:

- 1) High-tech or high-wage, where business activity is concentrated in specific, defined sectors, and where the wage level meets certain criteria (high wage);
- 2) Rural, limited to businesses located in counties with a population of 90,000 or less;
- 3) Retention, where existing businesses agree to create a certain number of jobs or make a certain level of capital investment;
- 4) Standard, where a business agrees to create jobs in specific, defined sectors; and
- 5) Combination, consists of components of both a retention tax credit and a standard, rural, or high-tech tax credit.

Tax credits (certificates) are only awarded after fulfillment of the terms of an agreement. Once issued, tax certificates are provided with a firm's Michigan Business Tax return and applied to its tax liability.

APPENDIX E ESTATE TAX

LEGAL CITATION: [M.C.L. 205.201 et seq.](#); 1899 PA 188.

YEAR ADOPTED: 1899 (referred to as Inheritance Tax until amended by 1993 PA 54.)

BASIS OF TAX: Privilege of transferring an interest in the property of a decedent.

MEASURE OF TAX (BASE): Gross estate as determined under federal internal revenue code.

Estate Tax Elimination

Michigan's Estate Tax is equal to the maximum allowable federal state death tax credit. In 2001, federal tax reforms phased out the allowable state death tax credit over a four-year period beginning in 2002. As a result, there is no state death tax credit for dates of death after December 31, 2004. The credit was set to be reinstated in 2013, but the elimination was made permanent by the American Taxpayer Relief Act of 2012. The State of Michigan has taken no action to offset the federal change and therefore the state Estate Tax is no longer effective. State Estate Tax revenues, which approached \$200 million in FY2001, will not be collected by the state in the future unless the federal death tax credit is resumed or the state decouples its estate tax rate from the federal credit.

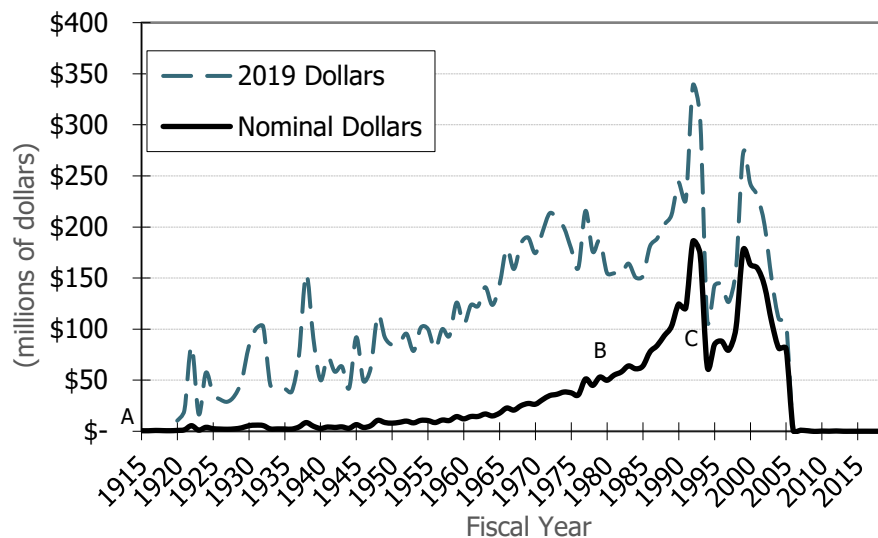

RATE: Tax imposed up to maximum allowable federal credit for state inheritance taxes paid.

ADMINISTRATION: [Department of Treasury.](#)

REPORT AND PAYMENT: Due by same date as federal estate tax.

DISPOSITION: General Fund.

APPENDIX F ENTERPRISE ZONE FACILITIES TAX

LEGAL CITATION:	M.C.L. 125.2101 et seq. ; 1985 PA 224.
YEAR ADOPTED:	1985
BASIS OF TAX:	In lieu of general property taxation for up to 10 years after a business is certified as a qualified business.
MEASURE OF TAX (BASE):	State equalized value of real and personal property of a qualified business exclusive of exemptions. Partial exemption for facility located in a renaissance zone.
RATE:	<i>Qualified business</i> : 1/2 the statewide average property tax rate on commercial, industrial, and utility property. <i>Certain other businesses</i> : the local property tax rate, with credits that can reduce rate to statewide average property tax rate.
ADMINISTRATION:	Issuance of certification requires approval of Michigan Enterprise Zone Authority.
REPORT AND PAYMENT:	Same as General Property Tax.
DISPOSITION:	To the local unit in which the property is located, with certain exceptions.

A Tax without a Purpose

This act was originally drafted in 1985 to incentivize businesses in Benton Harbor to employ residents of that city. The act was altered in the early 1990s to capitalize on federal revitalization programs such as empowerment zones, rural enterprise communities, or enterprise communities. All zone designations under those program have since expired, so any businesses in the empowerment zone or enterprise communities designated in the 1990s are no longer eligible for an enterprise zone tax cut. If a federal program is implemented in line with the 1990s programs, the enterprise zone facilities tax breaks could become active again.
